SEEK HONORS IN ANNUAL DOG SHOW NEXT SUNDAY

It's easy to understand how the term, "lucky dog" originated when one takes a look at these prize canines with their attractive mistresses. At left are two Desert Inn guests with the handsome Shepherds they will exhibit in the Seventh Annual All-Breed Dog Show at the Desert Inn Mas'ie Course, Sunday.

Piquant Jean Parker, now a Palm Springs winter guest, is shown at right with her two pets, a Cocker Spaniel and a Shepherd. The latter seems to have a sort of protective interest in his smaller animal friends.—Both photos by Frank Bogert.

SIGNIFICANT was the action of the Palm Springs Woman's Club last Monday in giving a virtually unanimous vote of confidence to the welfare and friendly aid section and its head, Mrs. Harold J. Hicks. The move is important not only because it recognizes the fine work which is being done by Carolyn Hicks and her group but also because it removes any vestige of doubt that the Woman's Club, as a whole, is solidly behind the idea of Palm Springs having a public health clinic.

WHEN Thomas O'Donnell withdrew his offer of ten thousand dollars for a building and site for the proposed institution because he feared dissension might spread both in the Woman's Club and city council, it was feared that Palm Springs had lost its big chance to obtain a needed and most valuable institution. People who had the interests of the village at heart could understand how there might be some disagreement over location of the project, but they could not understand how anyone could oppose it altogether.

FORTUNATELY, there seem to be but few villagers in the latter group. It was emphasized at the club meeting Monday that the welfare section made no recommendation nor particularly favored any special site but that it merely is working toward obtaining the public health center for the city. Katherine Finchy, elementary school principal, and Mrs. Holderman, public health nurse, stressed its importance and the great need for it.

NOW IT would appear that if a suitable location can be agreed upon and if any councilmanic differences in views can be adjusted and if Mr. O'Donnell is still amenable—as he usually is where anything of progressive nature for Palm Springs is concerned—Palm Springs still may have its public health clinic.

RELATING plans for village entertainment of soldiers Christmas Day, Dr. Macartney, Community church pastor and active with Bill Leonese, Bill Hillery and Lloyd Simon in welcoming the lads in uniform last Thanksgiving, was reminded of certain rather embarrassing questions brought up by the four-year-old son in the Francis Crocker household when the matter of soldier entertainment was planned.

HAVING HAD a certain acquaintance with soldiers, but that limited, as is the case with most young gentlemen of such age to soldiers of the edible, chocolate kind and of the toy tin variety, the Crocker hopeful first asked: "Do we wind him up first?" and followed that up with, "After dinner can we eat him?"

READILY admitting that some of the things we do are a bit balmy, we still are a little miffed (Continued on Last Page)

Peace Officers Enjoy Monthly Meet in Village

For peace officers of the county the monthly meeting held once a year in Palm Springs is always a gala occasion. Yesterday was no exception, with 150 members of the Riverside County Peace Officers Association and their wives arriving here to be guests of the Palm Springs police department.

Highlights were a pistol shoot at 2 o'clock in the afternoon and a dinner party with entertainment at the Del Tahquitz Hotel at 7 o'clock in the evening. Ben F. White, coroner, heads the organization. Palm Springs' department has a 100 percent membership, the only force in the county which can so boost.

Museum Activities to Begin With Lecture Next Friday; First Field Trip Scheduled For December 13th

First of the very interesting free lectures to be presented by the Palm Springs Desert Museum will be that of Dr. Raymond B. Cowles, professor of zoology at the University of California in Los Angeles, and eminent herpetologist, at the Frances S. Stevens school auditorium on Friday, December 12 at 8 p. m. His subject will be "Tracks in the Desert."

He will show how one can distinguish the tracks of lizards, snakes, ground squirrels, badgers and roadrunners in the sand and also how, detective fashion, one tells the various dramas which have been enacted by interpreting the tracks of different animals. Color slides made by Dr. Cowles in the desert area around Palm Springs will be used to illustrate the talk.

Collector's Technique

The technique of hunting out animals by trailing them through the desert by their tracks is now being widely used by collectors. Snakes, lizards and various desert animals can be followed to their hideouts in this manner and captured.

On Saturday morning, Decem- (Continued on Page Seven)

Grid Luminaries To Be Speakers At High Dinner

While their splendid season of play, which resulted in seven victories and only one defeat, produced many a highlight, more are in store for the thirty-five members of the Palm Springs high school football squad next Monday night.

First there will be a dinner at 6 o'clock at the high school with five faculty members, an equal number of board members and a half dozen other guests attending.

Big moments come later in the evening when the group will gather at the Fiesta House at the Desert Inn, through the courtesy of Mrs. Nellie N. Coffman, there to hear talks by some of the county's most famous football luminaries.

Stanford Coach Invited

Morris Richardson, superintendent of the high school district, and Coach Wood Glover, who are arranging the party, have sent telegrams to Clark Shaughnessy, coach of the Stanford University gridiron team, and Dick Hyland, football writer for the Los Angeles Times and once-famous Stanford player, asking them to speak to the high school lads at the Fiesta House session. Shaughnessy and Hyland will be among the coaches, faculty members and experts to attend the Pacific Coast Gridiron Conference at the Desert Inn, December 8, 9 and 10.

Coincidental is the fact the Palm Springs team is called the Indians while the Stanford gridiron squad also has long been known as the Indians.

IMPRESSIVE ENTRY LIST ASSURES ANNUAL DOG SHOW SUNDAY TO BE BEST PRESENTED IN PALM SPRINGS

Because it holds so much of interest to the average person as well as important figures who exhibit their prize dogs here, the Annual All-Breed Dog Show, to be held Sunday at the Desert Inn Mas'ie Golf Course, is one of the outstanding events on the winter calendar at this desert resort.

This year the list of exhibitors and of entries is far greater than that of past seasons, according to Jack Bradshaw, manager.

Exhibitors of Note

Among the prominent exhibitors announced yesterday are the following: Thomas Wanamaker, Jr., Irish Wolf Hounds; Mr. and Mrs. F. Nash Cartan, Malibu, Miniature Schnauzers; Robert Button, Beverly Hills, Wolf Hound; Miss Sara Colman Brook, San Diego, Airedale; Mr. and Mrs. Frank Andrews, Carmel, Cairn Terriers; Mr. and Mrs. Sidney F. Heckert, Jr., Hope Ranch, Santa Barbara, German Shepherd.

Lois Brundred and Joan Mich- eler, Coronado, large kennel of German Shepherds; Mrs. Neil McCarthy and Mrs. Felix Chap- pellet, Great Danes; Mrs. Alice Burr, Los Angeles, Schnauzer;

(Continued on Page Six)

Elements of Price Control Discussed By Noted Banker

While present governmental efforts are doing something in the way of price and credit control, they must be carried much farther in order to have any substantial effect on present-day stabilization and the post-war economic structure.

This, in substance, was one of the primary points brought out by Nolan Browning, vice-president, trust department, Bank of America, Los Angeles, in his address before the Riverside County Chamber of Commerce at its annual Palm Springs luncheon meeting Tuesday noon at the Desert Inn. Approximately 250 persons, including chamber representatives from throughout the county, attended the affair.

Subject of Browning's talk was "Defense Financing and Post (Continued on Page Six)

New Promotional Group To Have Dinner Meeting

Sixty-five years before Pocahontas kissed John Smith way down in Virginia, Cabrillo sailed into San Diego Harbor.

To acquaint winter travelers with romantic incidents like this in California history is the purpose of the Roads to Romance Association, a new promotional group in Southeastern California, which holds a dinner meeting at the Desert Inn, today, Dec. 5.

Because the area embraced by Riverside, Imperial, San Bernardino, Orange, San Diego, and East Los Angeles counties has never been properly promoted as region of historical importance, millions of tourist dollars are lost; it was pointed out by David Olmstead of Long Beach, secretary of the association.

Should Advertise History

"De Anza and other discoverers of California, he said, "should stand out in the minds of tourists with equal rank to the history of the Pilgrims landing at Plymouth and other historic events of the Atlantic coast. We (Continued on Last Page)

Masonic Luncheon Club to Have First Meeting Tuesday

Affording members of the Masonic order an opportunity to get together for a pleasant hour or two each week, the Masonic Luncheon Club meetings will begin for the season next Tuesday noon at 12:30 o'clock. The place will be the Desert Inn. As usual there will be an interesting speaker for the occasion.

\$30,000 Home Is Begun at Smoke Tree for Markhams

Finest residence to be constructed in Palm Springs within the past year or so, will be the \$30,000 home at Smoke Tree Ranch to be started within the week for Mr. and Mrs. F. S. Markham, owners of the popular guest place, and residential development.

Plans for the attractive ranch style home, which will accord in architectural type with those of other buildings at Smoke Tree, were prepared by well-known local architect John Porter Clark. The contracting firm is Wilson and Sorum.

Building permit, obtained December 1, gave the amount as \$28,500. However, with air conditioning and other features, actual cost of the home will be in the neighborhood of \$30,000. The Markhams, who have spent many winter seasons at Smoke Tree, sold their former home at the ranch last summer. This new residence, which will be finely constructed, with tile floors, redwood walls and other features will have four bedrooms and four baths as well as many special purpose rooms.

Although there have been literally scores of homes of moderate size and cost constructed here within the past year, that of the Markhams is the first in the really costly category in some time.

Coast Conference Football Officials To Meet Next Week

Coaches, faculty members, athletic directors, and graduate managers of leading Western universities will gather in Palm Springs December 8, 9, and 10, for a meeting of the Pacific Coast Conference. Football schedules for next season and proposed rules changes will be the major topics under discussion during the three day conclave at the Desert Inn. Among the noted coast football mentors attending the meeting will be Lon Stiner, whose Oregon State team captured the conference title and Rose Bowl bid; Clark Shaughnessy, Stanford; Stub Allison, California; Sam Barry, U. S. C.; Tex Oliver, (Continued on Last Page)

CITY ASKED TO HELP OBTAIN GAS TAX REALLOCATION; REPORT NO TRUTH TO AIRPORT LOSS RUMOR

Southern Counties Seek More Equitable Distribution of Gas Tax Monies; Ask Palm Springs to Participate in Move

Evoking some warm expressions of approbation but no immediate action, proposal by the Southern Counties Advancement Association, through its gas tax reallocation committee, to petition for inclusion of the matter on the ballot for the next general election, was brought before the city council Wednesday night.

Plans Move Ahead For Sportswear Roundup in Jan.

From all indications at the meeting Wednesday morning at the Fiesta House at the Desert Inn, Palm Springs hostilities will be jammed full and overflowing when the Los Angeles Sportswear Roundup takes over the town January 10 and 11.

Hotel and apartment house owners gathered to hear more plans about the outstanding styles event which will bring buyers from throughout the country to Palm Springs.

Here to tell them more details were Phil Lansdale, managing director of the Men's Wear Manufacturers of Los Angeles, his assistant, Miss Crause; Bill Friedman of Hollywood Rogue Company; Marty Fields of Duke of Hollywood, Inc.; Lou Fisch of Fisch and Company, and William S. Allen, Southern Pacific railroad agent from Riverside. Frank Bogert of the local chamber of commerce helped in arranging plans.

Jim Deevers Lose Possessions in Fire at Old Stables

Although firemen strung out more than 1600 feet of hose in efforts to pour enough water to quench the blaze, fire of undetermined origin shortly before 4 o'clock Wednesday destroyed one of the stucco and frame hogans at the old Rogers' Stables owned by Zaddie Bunker.

The one-story structure was occupied by Mr. and Mrs. Jim Deevers. They lost all personal possessions they had in the place as well as various furnishings. Damage was estimated at more than \$1,000.

Fire Chief Bill Leonese and his men were forced to use all hose on the big truck in order to reach the blaze because of the distance of the property from the nearest hydrant. Because no one was at home at the time the flames had a strong start before discovery.

Local firemen responded to another call at 10:30 o'clock Wednesday night to Sunset Court on Indian avenue. Alarm was turned in because of an over-heated water heater. No damage was done.

"Princess" Ruby Humming Bird Hums Unusual Tune, Police Say, So They Jail Her For Disturbing the Peace

For several weeks recently the spectacular costumes of the buxom feminine person, who called herself Princess Humming Bird, have created no little stir as she made her way up and down the streets. Palm Springs has many interesting people, but Princess Humming Bird was something just a little new. The buxom woman professed to be a clairvoyant of great powers. But if she was she would not have made that visit to the police station the other night.

And as result of that visit police say "Princess" Humming Bird has other claims to fame than the colorfulness of her garb. They say she has one of the very best vocabularies — perhaps we shouldn't say best, but most extensive—in these parts. They ought to know.

Gets Riled at Police

The "Princess," who is "registered" on the jail book as half Indian and half white, and who admits to having a husband somewhere, was asked to come in and talk over certain matters last Monday with Chief of Police Lyle Sanard. She arrived in something of state about 7 o'clock. Not long thereafter from the police station issued squalls, shrieks, denunciations and sundry verbal outbursts which, taken in totum, amounted to dis-

The matter was called to the attention of the city fathers by City Manager John Lange. It was referred back to him for further investigation with possible action depending on whether or not the city is able to appropriate money to aid in the campaign.

Ask Financial Aid

The association asked the council to consider providing a share of the funds to finance circularizing of the petition. Riverside county's slice of cost is \$4,800 and Palm Springs was asked to put up \$500 of this.

Reallocation of gas tax money (Continued on Page Seven)

Lions Sponsor Picnic Trip to Joshua Monument

A picnic trip to the Joshua Tree National Monument is being sponsored this coming Sunday by the Palm Springs Lions Club. The club is contributing a huge pot of beans, cream, sugar, butter, bread, coffee, and drinks for the youngsters. Each family is to bring its own plates, cups, knives, forks and spoons, weinies, hamburgers, steaks or whatever is desired to supplement the other food.

Luncheon will be served from 12 noon on. A charcoal fire in a large grill will be prepared and ready for the cooking. There will (Continued on Page Seven)

Hold Chest Clinic December 13; Child Health Meet Dec. 23

Dr. F. M. Pottinger will conduct a chest clinic at the Frances Stevens school under the sponsorship of the county and local Tuberculosis Association on Saturday, December 13. Those desiring information or appointments are asked to contact Mrs. Holderman, public health nurse, at the city offices before December 7.

Recently appointed pediatrician for Riverside county, Dr. Mildred Van Cleave will conduct a child health conference at the Community church Tuesday, December 23. Further information may be obtained by contacting Mrs. Holderman.

turbance on a major scale. It seemed "Princess" Humming Bird objected to the police department. Not just the chief. Not just one member of the force. But the whole blamed department. And she told everyone, the chief, the desk sergeant, the several people there on business, just that much in words which were choice, but not carefully chosen, according to the police.

The thing went on as long as Chief Sanard and his boys could stand it. Then they arrested the "Princess" on a charge of disturbing the peace. Later on she was removed to the county jail at Riverside. She was due for hearing in Riverside today. But not the kind of hearing the police department submitted to Monday night.

Building Permits
Total \$22,550
During November

With a greater total of building permits issued on the first day of December than in the entire month of November, the figure for the latter month was announced by Building Inspector Charles Burket this week as \$22,550. This compares with \$40,730 in November, 1940.

In the eleven months of 1941 the total has been \$445,129 as compared to \$515,435 in the same period last year.

However, as Burket pointed out, there was a total of more than \$40,000 in permits issued on December 1, alone, indicating that this month should substantially raise the year's total perhaps bringing it to equal or even exceed that of last year.

Last Two Months Slow

With the exception of the last two months, the total this year has been far ahead of that of last. However, because of some difficulties in getting materials as quickly as desired and other factors, building here took a drop during October and November.

Burket's report showed that of the 34 building permits issued in November, 12 were for additions, eight for remodeling, seven for repairs, three new dwellings and four for garages. There were 121 building inspections by his department.

Beside the building permits there were 33 for electric and 18 for signs, making a total of 85 permits issued by the department and a grand total of 236 inspections.

Indigent Roll
Drops 15 Percent

The county indigent roll in Riverside county numbered 404 for October, a drop of 71, or 15 percent, from the 475 cases in the county during July, according to a study of the effect of the discontinuance of the SRA on county indigent rolls, just made public by California Taxpayers' association.

The county indigent case load totalled 360 in May, 365 in June, went to 475 in July, the month immediately following the demise of the SRA, and was 404 in October, the association found.

Manufacturing one type of bomber uses up two miles of copper wire.

Three Attractive Ladies Relax in the Sun

Taking time out from their various other enjoyable activities to combine a sunning and learn new facts about Palm Springs from the interesting new Palm Springs Pictorial, are left to right, Mrs. Ethel O'Dell, former Ziegfeld Follies beauty, Captain Billy Owen of the Women's Ambulance Defense Corps, and Mrs. Jimmy Ritz, wife of one of the famous brother team of entertainers. Both Mrs. Ritz and Mrs. O'Dell are guests at the Colonial House where this picture was taken.—Earle Love Portrait.

Galloping Gaels Gallop About Inn
Grounds; Many Out-of-Town Guests
Arrive for Lengthy Winter Visits

The Galloping Gaels of St. Mary's galloped over the Desert Inn grounds Saturday and ran smack-dab into the lovely Alpha Theta Phi of Redlands University on a rush party. Surprised, and pleasantly, were both. The John Kelmans filled two bungalows with their friends for a house party during the weekend. And—ah!—the Albert Burkis of Pittsburgh arrived Monday amid much honking of horns and general welcoming noises. So much, much happened—and it all added up to a gay and busy and colorful Desert Inn week.

Until better welcomes are conceived, the Burkis will probably be content with the one they received. They stepped off the Chief at San Bernardino and into a Southern California morning that would have made anything short of "perfect" an understatement. Friends greeted them, bearing a huge canvas sign reading "Welcome Burkis." They then piled into be-streamered automobiles, and no town between Palm Springs and San Bernardino failed to learn that THEY were here.

Remain Until April

Outside their cottages their horses were tethered—and the Pittsburgh cowboy and his lady took possession of both. They will remain until April.

But on to more arriving guests: Mr. and Mrs. William K. Howard registered in for as long as Howard can slip away from directing. The Lucian J. Knowleses, Boston, Massachusetts, are at the Desert Inn for several days. Captain and Mrs. J. F. Lucey, of Dallas, Texas, breezed in unexpectedly to stay for a couple of weeks.

On Honeymoon

You just can't pick a week at the Desert Inn without its honeymooning couple. This week it was Mr. and Mrs. Richard L. Hubbard, attractive newlyweds from North Hollywood. Lt. and Mrs. Dick Daugherty, the Inn's other current honeymooners, left to work like the dickens and "spend our anniversaries here."

Jimmy Durante, who left for a short spell to visit friends in the village, returned to the Desert Inn. Now he has departed again in order to see the preview of his latest picture.

Mr. and Mrs. Frank H. Vincent of Keego Harbor, Michigan, are still on deck. (They almost beat the opening crew into the hotel.) On Tuesday they motored with the Julian Haswells of San Francisco to Twentynine Palms.

Huge Bomber Gets
Much Attention
At Local Airport

One of the biggest ships ever to land at the Palm Springs airport, a great, four-motored Consolidated bomber from the San Diego plant, dropped to the sands here the early part of the week and immediately attracted a crowd of spectators.

With Pilot Harwick at the controls, the great monoplane which weighs 56,000 pounds and is perfectly camouflaged, brought one of the Consolidated officials and his wife to Palm Springs on the test flight.

Building Permits

Nov. 27—Mrs. Ona Brown, \$50, 285 Palo Verde avenue, porch alterations.

Dec. 1—Sigrid Norde, \$100, 1685 San Jacinto Way, roof work, M. E. Cameron, contractor.

Dec. 1—H. M. Frohn, \$3,000, 1404 North Palm Canyon Drive, Palm Springs Estates No. 3, residence.

Dec. 1—Mr. and Mrs. F. S. Markham, \$28,500, Smoke Tree Ranch No. 3, residence, John Porter Clark, architect, Wilson & Sorum, contractors.

Dec. 1—Mrs. Teresa Hicks, \$300, 404 Camino Del Sur, Las Palmas, enclosure existing porch, Wilson & Sorum, contractors.

Dec. 1—Esther Pearson, \$500, 430 West Baristo, remodeling and repairing, Wilson & Sorum, contractors.

Dec. 1—Harry E. Crawford, \$400, 741 Prescott Drive, Merito Vista tract, barbecue pit and covered patio, Wilson & Sorum, contractors.

Dec. 1—Mr. and Mrs. Donald M. Lockett, \$7,600, Merito Vista tract, dwelling and garage, C. G. Chamberlain, contractor.

Dec. 2—Jane Manchester, \$500, 394 North Palm Canyon Drive, remodel interior cafe, H. H. Foster, contractor.

A Bit Dubious

A minister advertised for a man-servant. The next morning a well-dressed young man rang the bell.

"Can you start the fire and get breakfast by 7 o'clock?" the minister asked.

"I guess so," replied the young man.

"Well, can you polish all the silver, wash the dishes and keep the house neat and tidy?"

"Say, parson," answered the young fellow, "I came here to see about getting married, but if it's going to be as much work as all that you can count me out right now."—Oswestry Commercial circular.

Compadres Foil
Threat of Rain
Have Fine Time

While there was a real threat of rain during the afternoon, the members of Los Compadres had one of their most successful parties last Wednesday evening. Dark clouds over San Jacinto looked like business so plans were hurriedly changed. Instead of the usual ride with dinner on the desert and then return to the stables, the chuck wagon was drawn up at Rex Colbert's stables.

There tables were set up in the runway and a delicious dinner prepared by the food committee which consists of Alice Butler and her assistants, Ruth Adams, Sally Posey, Oma Kramer and Irene Aird. About half of the crowd of sixty went for a ride at seven, returning at nine to enjoy their chow and exclaim over the beautiful, warm, moonlight evening. All agreed that the switch to the stables turned out all right and proved a lot of fun.

Run Out of Steaks

It was certainly handy enough when about 9:30 the steaks ran out and there was a wild search all over town for a dozen more. Eventually a butcher was discovered who opened shop for the hungry Los Compadres.

Providing entertainment were four instrumentalists and singers, Cliff Campbell, the versatile Doc Waughop, Jack Watson and Don Martin. They led the singing of old time songs and attempted to teach the members the Los Compadres song, which Don Martin and Cliff Campbell composed. Additional verses are to be written by the initiates.

Girl Scouts Form
Mounted Group

As a branch of the Girl Scout movement, sixteen girls have signed up to learn formation riding, with the idea in mind of perfecting their skill to the extent that if they are to be called upon in any emergency program, they will be qualified.

Mrs. Jack Best, commissioner, has worked very hard to get this movement started. Morris Richardson, high school superintendent, has asserted his intention to do all he can to further the cause, and keep the girls enthusiastic.

Babs Neel has been named chairman of the high school committee, with Elaine Nead and Kathryn Roberts assisting her. Beth Chase has been asked to drill the girls in military drill formation as a carry-on work from two years ago when she taught the girls to ride and drilled them in formation riding, showing them at a Smoke Tree Guest Ranch show where they won a blue ribbon.

A meeting is to be held Thursday, December 3. The first practice drill will be held Tuesday, December 9.

La Quinta Hotel Opens Today With Big Improvements

With the arrival of members of the Aviation Country Club today, lovely La Quinta Hotel south of Palm Springs opens officially for another season, it was announced by L. B. Nelson, the hotel's good-looking and capable manager.

The flying group, consisting of about 125 members, arrived today for its annual weekend outing at La Quinta, which has its own airport and is a favorite spot with members of the unusual organization.

The extensive program of improvements begun at La Quinta last season has been continued this year. Many things have been done to increase the efficiency of the service and to make the hotel more comfortable and enjoyable for the guests.

Play House Is Built
An attractive play house has been erected at the swimming pool. Architecturally it follows the beautiful Spanish lines of the other buildings on the grounds. This will house a fruit-juice bar and a terrace for dining. The sun beach has been enlarged to reach the full length of the pool. The management at La Quinta is looking forward to a very active season and is particularly pleased with the fact that the staff at La Quinta will include a great many persons who have been there in seasons past and will be familiar to former guests.

Charlie Wrightsman parked his bags at El Mirador and claims that he will remain this time for a two month vacation.

Federation Head Speaks to Woman's Club; Vote of Confidence Is Given Welfare and Friendly Aid Section

By RUTH MARTIN

The distinction of having Mrs. John Stearns Thayer, president of the California Federation of Women's Clubs, and Mrs. John M. Stewart, vice-president of the same organization, as guest speakers on December 1 was much appreciated by all members of the Palm Springs Woman's Club. On the platform with Mrs. Thayer and Mrs. Stewart were Mrs. Harry Searl, president of the Riverside County Federation, Mrs. Warren B. Pinney and Mrs. Thomas A. O'Donnell, past presidents of the Woman's Club, Mrs. Wing, county parliamentarian, and the presiding officers, Mrs. Henry S. Reid and Mrs. Clarence Bosworth.

Every woman who heard Mrs. Thayer's inspiring address on "Privileges and Responsibilities," must have resolved to be more fully awake to the need of "interest in the community"; the need for "thinking of the other fellow," the need to "stand behind the government of our country regardless of party." "Our American homes are our greatest asset and we must do all we can to protect them," stated Mrs. Thayer.

Strikes Patriotic Note

"Religion, tolerance, the principles of democracy as lived each day, make this country what it is and we dare not neglect the responsibilities which these privileges bring," continued Mrs. Thayer. A high note of patriotism was sounded by Mrs. Thayer in her closing explanation of what the flag of these United States means to every individual in every walk of life.

Mrs. Stewart paid a gracious tribute to the activities and growth of the Palm Springs Woman's Club and stressed the power of organized womanhood in the world today.

Famous for her knowledge of Bible literature, Mrs. Stewart brought a warm glow to the hearts of all present with her beautiful explanation of the real meaning of the approaching Christmas season as manifested through the spirit of the Christ child.

Vote of Confidence

The usual business meeting of the club was held prior to the addresses of the guest speakers and committee chairmen were requested to give their reports. Mrs. Harold J. Hicks, chairman of the welfare and friendly aid section, read a report of the activities of her section regarding the proposed health clinic, further amplified by requests from Miss Katherine Finchy and Mrs. Holderman, county health nurse, that the project be completed. A vote of confidence was asked from the club by Mrs. Hicks which was freely given.

After the close of the business session a most enjoyable tea was given in honor of the distinguished speakers, and members and guests of the club.

Hunt's Health System Introduced Here This Week

Specializing in reducing and body building the healthful way through diet, exercise, and the unique Finnish rock steam baths, the Terry Hunt Health System, which has created such a vogue in Finland, was introduced to Palm Springs the middle of this week.

On Wednesday the local branch was opened at 330 North Palm Canyon drive, with Roy Randolph as manager. Two finely trained and attractive young people, Will Golden and Martha Cord, who have been with the Terry Hunt Club in Beverly Hills for five years, are here to care for patrons. Both are thoroughly experienced in massage, scientific exercising, the proper utilization of steam baths and other such health aids.

Enviably Reputation

Hunt, who has been here several weekends recently in order to help Randolph get the new branch ready, is expected to return this weekend also. He has built up an enviable reputation as an health expert. Only recently Collier's Weekly devoted much space to telling of his work and accomplishments. Other publications have lauded his as the most popular health system in America.

The local branch occupies a building in back of the Powder Puff Beauty Salon. It comprises a number of rooms, including massage rooms, a Finnish rock steam bath room, and several other treatment rooms.

First patrons to turn up at the new health headquarters were Bill and Mary Gargan, who have been something of sponsors for Hunt for many years. In fact Hunt has been Gargan's physical conditioner as well as close friend for a decade or so. Among others of Hunt's movie clientele,

This Is News—The Hans Ohrts Motor To Palm Springs

Any time you get Mr. and Mrs. Hans Ohrt, expert cyclists, away from their bicycles and hear of them actually motoring to Palm Springs that is unusual enough to be news. But that is what the Beverly Hills people did on Monday of this week.

Ohrt, former national amateur champion cyclist, and Mrs. Ohrt stopped in Palm Springs as well as La Quinta. They refer to Ohrt around Beverly Hills as the "Maestro of Better Bicycling." He and his wife have made an annual spring-time vacation trip from Beverly Hills to Palm Springs on their deluxe touring tandem bicycle.

Their return trip of last March was most exciting. They were beset by the strongest windstorm of the year and were blown off their tandem at Whitewater. After crossing San Geronimo Pass they encountered the strongest coastal wind of the year, 32 miles per hour.

Popularity Increases

The expert commented that cycling is becoming increasingly popular in Palm Springs and elsewhere, and that the "comeback" of the bicycle in the United States is largely attributable to the fact that back in 1932 the Desert Inn and El Mirador hotels gave a new start to the sport.

Further evidence of this growth in popularity is the fact that only 180,000 bicycles were manufactured in the United States in 1933, while during last year, 1940, there was a record-breaking output of 1,300,000.

The Ohrts have planned their annual tandem-trip this season for the coming April.

Marie Kelly Will Be Public Stenographer At Wright Office

A favorably known public stenographer in Palm Springs for a number of seasons, Miss Marie Kelly will have her business headquarters this year at the Billy Wright real estate offices at 437 North Palm Canyon Drive. Miss Kelly has done public stenography work for many of Palm Springs' most important visitors as well as local residents during the past four years. She will not be connected with the real estate concern but merely will have office headquarters there.

Youngsters Guests Of Gun Club

Twenty-six youngsters from the Frances Stevens after-school playground were guests of the Daisy Gun Club, Tuesday afternoon through the courtesy of Al Hall. This unique club caters to air rifle marksmen exclusively and is proving popular with groups of all ages. For the boys with air rifles who have found it hard to shoot their guns without running afoul of the law this gun club shoot proved the answer to their problems.

Has Written Book

So much a figure has Hunt become in his special line of business that he even has turned author. Just recently published is his book, "Design for Glamour," which of course deals with his ideas on health, Jean Parker and Rita Hayworth posed for the illustrations in this volume and the foreword was written by Alice Faye, all of whom are more or less villagers, inasmuch as they visit here often every season. Copies of the book have been received by Adelaide Dunlevie of the Palm Springs Book Shop.

C-Circle-B Boys Enjoy Numerous Activities This Week

A full round of activities is providing plenty of recreation and fun for the boys of the C-Circle-B club, the group formed last season by Jack Best with youngsters of nine to twelve as members.

First there was the regular meeting at the Frances Stevens elementary school last Friday evening with refreshments served by courtesy of Gordon Feekings of the Village Sandwich Shop and Dente Brothers Indian Store.

The following day the club boys enjoyed a luncheon ride from the A. and F. Stables. They brought their own food and did their cooking over an outdoor

fire. During the afternoon Fred Von Drott gave them some pointers in horsemanship and put a group of the lads through various tests. Those who passed were John and Herbert Best, Jerry Miller, Andy Bump, Theodore Lotts, Ronald Olson, Emil Hilario, Gary Malouf, Spencer Boyd, Buddy and Morris Sale. Tomorrow the boys participate in another barbecue ride on which they will bring their own materials for a meal and cook them over a big fire at the stables.

High Courts Are Open to Public

That the high school courts are available to the general public after three-thirty o'clock on school days and all day on Saturdays, Sundays and holidays, was the reminder this week from the office of Dick Taylor, city recreation director.

Impressive List Of Prominents at Arenas Lodge

This week Arenas Lodge is enjoying a capacity guest list which includes many prominent personages who are here to enjoy the perfect Palm Springs weather and to rest in the seclusion of the quiet atmosphere which is always assured at this well-known apartment hotel.

Mrs. Max Heindel, mentioned in "Who's Who in America," co-founder and president of the International Order of the Rosicrucian Fellowship with its headquarters at Oceanside, together with her secretary, Mrs. Mary Hanscom, have taken a cottage for two weeks.

Reverend and Mrs. Leslie P. Smith and Miss Naomi Moss arrived on December 1 from Huntington Park; Mr. and Mrs. Wm. H. Wylie, frequent guests at the Lodge, are here from San Diego, and Mr. and Mrs. N. R. Reich arrived from San Francisco for a week's vacation.

From Grosse Point, Michigan, are Mr. and Mrs. A. F. Wall. Other recent guests are Mr. and Mrs. D. N. Kelly and Mrs. Bear from Santa Ana; Mr. and Mrs. O. F. Paulsen, vice-president, the San Francisco Bank, and Mr. and Mrs. N. E. Hightower.

Local Artist To Be Judge at Bird Show in Pasadena

Well-known local artist Evelyn Nunn Miller, left for Los Angeles last evening to serve today as "color judge" at the Western Branch of the National Bird Show being held at 18½ West Colorado street, Pasadena, from December 3 to 7.

Mrs. Miller has been asked to hang a selected group of her paintings in the display rooms and to paint some of the prize birds during the show. Her gallery at 431 North Palm Canyon Drive will be open as usual during her absence.

Mr. and Mrs. F. H. McKnight, prominent Pasadena socialites, are spending two weeks at the Desert Inn.

Reporter Spends Night at City Dump

Conditions in P. S. Waste Disposal Area Investigated; Reported Cozy, Just Like Home

By JACK SHEPPARD

I spent last night in the city dump. Except for the fact that the dear, familiar faces were missing, it wasn't any different from any other dump in town.

The city editor assigned me to cover conditions at the dump, and incidentally try to locate an old suit of long underwear that he'd thrown out by mistake. When he called me in I thought: Here we go again—the same old garbage.

He was alone when I stepped into the office. The country editor, the society editor, the contributor editor and the janitor were all out to lunch.

"Sheppard," said the city editor, wagging his green eyeshade at me (he always calls me Sheppard), "Sheppard, this is a serious issue. Go down there and see what kind of dirt you can dig up."

And then all of a sudden he roared: "Hold the presses! Tear out the front page!" He got up and peeked carefully out the Venetian blind on the front window. "They don't pay any attention to me, back there," he said, jerking a thumb toward the shop, "but it sounds as impressive as dammit out on the street."

Story Too Warm for Comfort

So I got down in the dumps. I'd been told this would be a hot story; I had to wait around until some of the fires burned down a little before I could really get into the thing. I've always had a nose for news, but this was the first assignment that had made me hold it. Conditions were bad around there—you could smell them.

I had just decided on the place for my bed (a pile of old beer cans, with a model T fender for a pillow) when who should stroll up but a rat. I realized instantly that he wasn't any one of the rats I knew, because he had four legs and a tail.

"Greetings, colleague," said the rat, blue-eyed, heavy-jowled, Irish, "Muscling in, eh?"

"Not at all," I told him somewhat astutely. "I'm a newspaper reporter."

The rat seemed surprised. "A newshawk, eh? Tell me, pal, as one rat to another, what caused you to engage in one of the world's oldest professions?"

"Oh, I don't know," I replied with a sort of choked-off laugh, like that of a Harvard student on 52nd street for the first time, "It's the thrill of the chase, I suppose. I'm a galley-slave—I've got printer's ink in my blood, and it makes a hell of a mess every time I cut myself shaving."

Hail Fellows Well Met

The rat sat down on an old horse-hair rocker and giggled as the frazzled ends tickled his derriere. "We're congenial spirits," he said. "Where else would you find two fellows with such a consummate loathing for Bavarian cream pie?"

Off in the distance a great cloud of black smoke was rising from a pile of burning rubbish, illuminated with a red glare from the fire itself. It was almost awe-inspiring—it plucked at some primeval chord that must have inspired Dante in his dream of the Inferno.

"I have a tattoo of a cowgirl on my stomach," I said. "A rough tan, with deep lines and quiet brown eyes."

"The stomach or the cowgirl?" asked the rat, puzzled.

"It's spotted with brush where the lizards crawl up from the sun," I said carelessly. "They come bicycling along with the lazy, good-natured way that Huck Finn and Tom Sawyer must have done when going down

Many Birds Are Awarded at Sunday Turkey Shoot

Last Sunday's Rifle Club turkey shoot in which dressed Oregon pheasants and young guinea fowl were awarded as prizes, along with turkeys, proved such a success that it has been decided to hold another this coming Sunday. As occurred last Sunday, pheasants and guineas as well as other birds will be the prizes for the marksmen.

Twenty-four birds of various kinds were awarded fourteen local winners last Sunday. Women shooters attracted attention, with three of them making off with prizes in competition with the men. Ruby Mann shot an outstanding score which held as the highest individual score for the day.

Among local winners were Perry Sanders, Elmer Taunton, M. E. Cameron, Ray Tomkins, Jim Gray, Harry Mann, Ruby Mann, Perry Brown, Doris Reeves, Lyle Pressey, Cecil Hager, Dolly Mills, Vincent Galzerano and Roy Harris.

Pay Telephone Bills before the 30th and receive your discount.

to the river bank for frogs."

Harsh Words

"You appear to be somewhat frowny under the fedora, chum," said the rat severely. "Somehow I am not making connections with your train of thought."

"I write as I please," I said. "I talk the same way. Are you criticizing my syntax?"

The rat clucked his tongue disparagingly. "Gad!" he muttered. "They're taxing that too, eh? The simple pleasures of life..."

"You'll have to move on," I told him. "The city editor is expecting a story out of me, and your chatter is distracting. Besides, you are beginning to disgust me."

"I'll go," said the rat, getting up. "Next time tell the boss to come down himself instead of sending an underling. I'll dally with nothing less than the head cheese!"

He went away. I laid down on the beer cans and rested my head on the fender. The smoke was still rising from the fire. I thought about all the rubbish that made the smoke. I thought about Brussels sprouts, and a man named Ellsworth P. Klatzgruber, who has an uncle living in Hasbrouck Heights, N. J. Then I went to sleep.

The Next Morning

The first thing I smell when I opened my eyes was the dump. I got up and straightened my clothes and walked off in the sunshine. It was 8:50 a. m. I felt like I'd been sleeping on beer cans all nights.

Tennis Club Scene Of Delightful Buffet Luncheon

In that setting of incomparable beauty, the Palm Springs Tennis Club, Mrs. Henry S. Reid, president of the Woman's Club, entertained on Monday, December 1, at a buffet luncheon in honor of Mrs. John Stearns Thayer and Mrs. John M. Stewart, president and vice-president of the California Federation of Women's clubs.

The luncheon tables were placed on the veranda of the Tennis Club overlooking the picturesque pool and gardens. Mrs. Reid chose a beautiful color motif of turquoise and yellow in table appointments and flowers.

Those present to do honor to Mrs. Thayer and Mrs. Stewart on this delightful occasion were Mrs. Harry Searl, president of the Riverside County Federation, and Mrs. George Wing, county parliamentarian; Mrs. Thomas A. O'Donnell, Mrs. Teresa Hicks, Mrs. Karl B. Kumpke, Mrs. Irving T. Snyder, Mrs. Bacon L. Clifton, Mrs. Clarence Bosworth, Mrs. John W. Williams, Miss Margaret Foldes, all of whom are officers and members of the executive board; Mrs. Guy Pinney, registrar; Mrs. Warren B. Pinney, past-president; Mrs. Austin G. McManus, donor of the club house grounds; Mrs. Gordon Nicholson, membership committee, and Mrs. Walter J. Martin, press.

Opportunity to Meet State D.A.R. Heads

Members and friends of the D. A. R. are cordially invited to meet the state regent, Mrs. Perry Wallace MacDonald and the state vice-regent, Mrs. Frank E. Lee, Sunday afternoon at the Coachella Valley Union high school. The program will start at 2:30 o'clock.

Mrs. MacDonald and Mrs. Lee will tell of projects and work of the D.A.R. and meet those interested in membership.

Twenty-five theatres in London were open in October this year, compared with three during the same month last year.

La Clase Mothers' Group Entertains At Musical Tea

First meeting of the season was held by the La Clase mothers' group last Tuesday. Following a short, informal meeting, others outside the group were invited to tea and a musical program given by Miss Frieda Frommel, Miss Frommel has just recently come to Palm Springs and is giving La Clase children singing in many languages. She also is opening a private studio for music and languages at the school.

Miss Frommel spoke informally of the work she plans on doing with the children, touching upon her experiences in professional work and the methods and approaches to different branches of musical training. She has a rich background of training and working in Europe, China and America.

There was a large group present to hear the talk and to enjoy the social hour and tea following.

State Guard News

By JIMMY GLENDY

Palm Springs' own Company M, Fifth Battalion, of the California State Guard, with guns, side arms and full regalia and under the command of Lieutenant C. V. Knupp, brought many a cheer and admiring comment as they marched in display for the benefit of Palm Springs citizens last Monday night.

The rapid strides made by this organization were in full evidence as they displayed a well-drilled and disciplined company. It is with pride and sincerity that each member devotes time and honest endeavor to make this company one of the finest in the state.

Under the command of Captain Harold Lienau this objective fast is nearing accomplishment. As result of his untiring interest Company M can well be proud of the work it has done and of his efficient leadership.

Every Monday night is drill night and the citizens of Palm Springs are invited to attend. The affairs are held at the Field Club and start at 8 o'clock.

FAVOR RECREATION AT HOTEL POOL

Mr. and Mrs. H. F. Laugham and their two cute youngsters from Los Angeles are vacationing in the desert. They were on hand at the pool over the weekend to see El Mirador's Sunday diving exhibition given by Al Patnick, national champion diver, and Bill Lewin, whom everybody knows as the diving comedian, after seeing his movie shorts at local Palm Springs theaters.

GIVE THEM A LIFT!

Because he has generously donated his time and effort to entertain enlisted men throughout the nation, Bob Hope, film and radio star, was accorded the honor of Membership Number 1 in the Service Motor Corps by officials of the Automobile Club of Southern California. Sponsored by the Club, the Service Motor Corps will be made up of volunteer motorists who will pledge themselves to "give lifts" to enlisted men in uniform on the highways. There are no dues or charges of any kind. Responsible motorists may enroll at any office of the Automobile Club of Southern California. Hope is shown above with Beverly Harris of the Club's touring bureau affixing the Service Motor Corps windshield sticker to his car.

Palm Springs motorists this week will be given an opportunity by the Automobile Club of Southern California to enroll in the newly-formed Service Motor Corps, a volunteer motorized army, being organized through the state to show the sincere appreciation of Californians for the men in uniform and the part they are playing in the national defense program.

"Give Them A Lift" is the slogan adopted by the Service Motor Corps, sponsored by the Automobile Club and scheduled to go into operation on December 1, in an effort to solve a problem which has long concerned the Army and Navy officers—providing transportation for boys on leave, at the same time respecting the order not to "thumb" their way along the highways.

Local motorists may enroll in the Corps at the Auto Club's office at 4010 7th street, Riverside, or at any of the club's 50 district offices in Southern California.

Membership in the organization is open without charge to all responsible motorists. The only requirement will be the desire of the motorist to do his bit by inviting the enlisted men to ride as his guests.

Upon enrollment, each member of the Service Motor Corps will receive a certificate of identification and a distinctive windshield insignia. Once in operation, the windshield sticker will serve as a mark of distinction for Uncle Sam's soldiers, sailors and marines. It will signify to the boys in uniform that "here is a motorist who appreciates the part we are playing in the national de-

fense program, and inviting us to ride."

To eliminate the stigma of hitch-hiking and to avoid picking up a man who might be A.W.O.L., a member, when stopping for a man in uniform, will ask for his official pass authorizing leave from camp. The guest will then sign in a space provided on the Corps member's certificate his name and camp or station. Corps member will carry his membership certificate in his car at all times.

"Our uniformed men, especially draftees earning only \$21 a month, often do not have the money to spend for transportation when they obtain camp leave," it was pointed out by officials of the Automobile Club of Southern California as the Service Motor Corps was launched. "It is the desire of this organization to see to it that uniformed service men do not have to beg a lift. They will be invited to ride."

Hundreds of suggestions by patriotic motorists prompted the organization of the Service Motor Corps and its sponsorship by the Automobile Club of Southern California. In the northern sector of the state, the California State Automobile Association is cooperating with the Automobile Club of Southern California in carrying out the Corps program and objectives.

County, School And Special Taxes Increase \$412,924

County, school, and special district taxes levied by Riverside county for the current year are \$412,924 higher than the levies by these same governments last year, according to a study of taxes levied by counties in California, just completed by California Taxpayers' association. These are the county, school, and special district tax levies presented to the people in their county tax bills, the first half of which are delinquent December 5, the association stated. City tax levies are not included in the figures, it was pointed out.

Levies by the county, school, and district governments in the county totaled \$3,494,939 for the present year, compared with \$3,082,015 for 1940-41, the association found.

Of the \$3,494,939 levy in the county this year, \$1,925,550 is for county current purposes, \$67,545 for county bonds, \$1,161,165 for school current purposes throughout the county, \$260,634 for school bonds, and \$79,995 for special district taxes, the association stated.

Off Went the Letter

Mr. Jones ordered a kitchen range from a mail-order catalogue. When the stove arrived he could not find two of the lids, so he sat down and wrote a letter to the company complaining about the missing items. When he had finished his letter he added a P. S., which read: "While I was writing this letter my found found the missing lids."

New Gadget

Shirt front of vinylite, cleaned by wiping with a damp cloth. — API Bulletin.

And no doubt the damp cloth will be welded by the service station attendant.

Red Cross Branch Prepares Gifts For Soldier Boys

By MARGARET CREE

Santa has joined the army, too, and this Christmas soldiers in the American forces will receive gifts whether or not they have families to remember them. These gifts are now being prepared by the Palm Springs branch of the Red Cross at local headquarters, Shop 13 in the Plaza.

There bags of correct size are being made, and all who are interested in filling them may secure as many as desired. The contents must be regular, and include: five government penny postals, package of envelopes, writing pad, pencil, note pad, small diary, deck of playing cards, pocket knife, comb, tube of shaving cream and a "housewife" (a sewing kit).

One Week Left

These bags must be filled during the coming week in order to reach their destinations before Christmas. Mrs. H. Lauritz Hansen, chairman of the Palm Springs Branch, is anxious that a great number be filled in Palm Springs. She will be very happy, too, if women who want to help make bags will come to headquarters the first of the week to complete the necessary bags. Headquarters is open every week day from 10 to 3:30.

Training Courses In Navy Develop Highly Skilled Men

One of the most striking developments in education during the past ten years has been the tremendous growth of part-time schools, evening and correspondence schools, extension courses and other kinds of instruction for men and women who are gainfully employed. States, cities, college and many business corporations of the country are spending millions of dollars on education for people who want to earn and learn at the same time.

The U. S. Navy made use of this method of developing highly skilled men many years before this type of schooling was widely used in civil life. Thus the Navy has long been recognized as offering opportunities for patriotic young men to receive valuable trade experience with no expense to themselves and in a shorter time than they could obtain the same experience in a civil occupation. Training in the Navy begins on the day the new recruit enters the service and does not end until the day he leaves. The thousands of men who complete their terms of service in the U. S. Navy each year and return to civilian life include men of every degree of skill and experience. Naturally, other men must be trained to take their places in the Navy.

Training courses conducted by the Navy Department are an important part of the Navy's training system. These courses are not designed to take the place of practical experience, but enable the seaman to learn more from his every day working experience by giving him the practical and theoretical information that will help him most in learning the work necessary for a rating (status of Petty Officer in a given trade). Navy training courses are prepared in plain language, are well illustrated and include mathematics, physics, and other general subjects required in the given trade or vocation chosen by the seaman. Combined with practical experience, these courses give men the opportunity to

LA PAZ GUEST RANCH FROM AIR

Illustrative of its appealing desert location is this splendid air view of La Paz Guest Ranch just south of town. The picture was taken by Robert Phair, Los Angeles photographer, with a \$9,600 experimental camera when he spent a day recently flying over the city. Wm. Heiser is co-owner and manager of La Paz, which is a favorite hostelry with some of Palm Springs' most distinguished winter visitors.

prepare themselves for higher ranking in the Navy Service as well as for specialized work in later civilian life.

Navy Training Courses are studied during active duty and are issued without charge to enlisted men through their commanding officers. Study is carried on under the direction of officers on board ships or at Naval stations on land. All necessary assistance is furnished the blue-jackets who wish to improve themselves by this means. Schooling in more than fifty technical jobs and vocations is offered to young patriotic men who join our new "Two-Ocean" Navy. This free schooling is valued at hundreds of dollars and sailors receive regular U. S. Navy pay as they learn.

Error of opinion may be tolerated where reason is left free to combat it.—Thomas Jefferson.

To build up a good credit reputation you must stay put.
Words, like fine flowers, have their colours too.—Ernest Rhys.

Drunk Charge

Allegedly prowling around cars at a local night spot, N. B. Groves, 58, was arrested by Police Sergeant Ludwig Braumoe on a charge of drunkenness.

The praises of others may be of us, not what we are, but what we ought to be.—Hare.

As the Greek said, many men know how to flatter; a few know to praise.—Wendell Phillips.

Tuesday at two-thirty is the time of the annual Christmas tea by the Community Circle of the church. All ladies of the village are invited to attend this function which is one of the outstanding of the year. An unusually fine musical program has been arranged.

Without knowing the force of words, it is impossible to know men.—Confucius.

THE FOURTH HORSEMAN

Typhus fever, that rat-borne plague, deadliest killer of the ages, has risen in the wasted villages of poverty-stricken Spain, where sanitation has broken down and rats have come to live with listless men. The death wagons roll through dirty streets.

So doctors, rather than military men, have discovered why Hitler has failed to march into Spain to smash at Gibraltar and close the Mediterranean Sea to Britain's fleet. Hitler's legions of steel have no weapon to oppose the plague that dimmed the glory of Greece, swept away one-fourth of the population of Europe in the Dark Ages, came back from Moscow with Napoleon's shattered army to ravage France, and killed six million people in Russia and Serbia after World War I. Berlin as well as Paris is fearful of the plague that threatens to race northward through underfed, ill-clothed conquered countries—into Germany.

And I looked, and behold, a pale horse: and his name that sat on him was Death, and Hell followed with him. And power was given unto them over the fourth part of the earth, to kill with the sword, and with hunger and with death, and with the beasts of the earth.—Revelation, VI, 7.

Hitler has seen a terror greater than the vastness and snows and cold of the Russian winter. He has looked upon the pale horse of death and hell at the Spanish border—and he has shuddered and turned back.

HIGHWAY BLACKOUT

Arresting facts that highway accident deaths in the United States for the last year have exceeded deaths from bombing in England for the entire year of the big blitz, give force to safety warnings of the state department of motor vehicles as the most dangerous season for driving begins. Winter this year brings not only long nights, fogs and wet pavements, but also hundreds of thousands of soldiers on holiday leave to thicken the stream of motor traffic and increase accident hazards. One highly dangerous habit to be stressed in this winter's safety crusade, according to James M. Carter, department director, is failure of motorists to dim their lights when approaching other vehicles. The glare of undimmed lights causes a veritable "highway blackout" of several seconds duration, in which a fast-moving automobile will travel the length of a city block or more while the glare-blinded driver is helpless to avoid collision or plunge from the highway. Patrol Chief Cato is directing a statewide campaign to apprehend and curb offenders in this category of driving carelessness.

The time will come, in all probability, when arterial highways will be clearly illuminated from overhead, as baseball and football stadiums are now lighted for night games. But in the meantime, despite the best efforts of law enforcement authorities to compel safe driving, the best defense against highway blackouts and other accident causes is continual exercise of common sense—particularly in the coming weeks of darkness, dampness and heavy travel.

THE CAT: MYSTIC AND MASTER

Ida M. Mellen, prominent zoologist, has condensed 24 years of study into a book: "The Science and Mystery of the Cat." Cat haters criticize her for wasting time so worthlessly—but she is praised by cat lovers for useful, overdue research. That, says Zoologist Mellen, is to be expected, since the cat has the greatest personality among animals—measured in power to attract and repel. Some people may be indifferent toward dogs, but no one is indifferent toward cats. You like cats, or you dislike cats. There is no really neutral ground.

Cats existed 40,000,000 years before man—and took him in stride when he came along. Man made gods of cats in ancient cultures. In the Middle Ages men dreaded cats as demons and tried to exterminate them with most horrible cruelties. But the cat—aloof, imperturbable, disdainful, dainty—survived both extremes of human idiocy. The cat has never yielded to man's yoke, as the dog and horse have done. He pulls no loads, rounds up no sheep, guards no homes. If he catches mice, it is solely because he enjoys catching them. All over the world, cats by the million live on man's largesse—but give him no service in return. The cat grins derisively at his human hosts the while he basks in the warmth of their fireplaces. Perhaps the wisdom of his forty million years head start in antiquity makes of the alley tom a true mystic and the master of the upstart human race.

DOES HER PART FOR WORTHY CAUSE

Illustrative of the cooperative spirit evidenced in this community, the county and throughout the country, is this photograph which shows Miss Eunice Sanden, attractive Riverside secretary, receiving her 1941 Christmas Seals from Mailman Albert Hill as Ernest G. Button, president of the Riverside County Tuberculosis Association looks on.

Elements of Price . .

(Continued from First Page)

War Rehabilitation." He was introduced by Frank V. Shannon of Palm Springs, who acted as chairman for the day in place of Chas. Johnson of Riverside, head of the county organization. A short welcome speech was made by John Chaffey, president of the local chamber.

Browning spent considerable time outlining effects of defense efforts on inflation. He outlined too, the basis of suggested methods of financing and establishing bank credits. In the main his talk dealt with banking and economic problems, which while of interest and enlightening to the laymen, yet required deeper understanding of economic problems than the average person commands.

In fact Browning himself pointed out that "you can take all the economists of the world and lay them end to end and they will not reach any conclusion."

The officers of the Palm Springs Kennel Club are Frank Bennett, president; Warren Pinney, first vice-president; Earl Coffman, second vice-president; George W. Larson, secretary, and H. E. Patterson, treasurer.

Limousines For Hire—Ph. 444.

A Real Year 'Rounder

By BETTY BARCLAY

We may honestly call the lemon a "real year 'rounder" or "a one hundred per cent fruit." Lemons are on the market all the months of the year. Thus, our favorite lemon pie is as easily made in summer as it is in winter. Likewise, a glass of hot lemonade for a cold, lemon juice for a stain, or lemon in a hair rinse is always obtainable.

In fact, the lemon actually goes the limit as a year 'rounder. The tree itself never takes a vacation. It is often possible to find buds, blossoms and fully ripened fruit on the same tree at the same time. No wonder the lemon pie is not a reasonable dessert.

Lemons are the only known source of Vitamin P, or citrin; and an excellent source of Vitamin C; a good source of Vitamin B₁; and lemons also aid digestion.

So, no matter when you read this, it's a reasonable time for any of those lemon recipes that have been put away in your file. Why not try one for tonight's dinner or tomorrow's lunch? Here's a favorite:

Lemon Shortcake

Beat 1 egg until very thick. Add 1/2 cup sugar and the grated rind of 1 lemon. Peel the lemon, removing all traces of rind. Then cut into small pieces, discarding the seeds and fibrous parts. Blend beaten egg, sugar, the grated rind, the juice and cut up pulp of the lemon and cool until serving time, at which time 2 tablespoons of cream are added. Serve between and over warm, split and buttered biscuits. A banana may be sliced into it for variety. (The quantities of sugar and cream may need revising to suit taste.)

CALIFORNIA ELECTRIC POWER COMPANY

City Asked to Help

(Continued On Page Seven)

obtained by the state is sought on the basis of county registration instead of by population. It is held by proponents of the change that the manner in which distribution of the funds is made was set up in 1927 when conditions were quite different than present and that under this present arrangement northern counties get far more than their proper share. The present set-up gives northern counties about 55 percent of the gas tax monies and southern counties about 45 percent.

Sixty-Forty Basis

Under the proposed new arrangement, based on car registrations, southern counties would get about sixty percent and the northern counties, forty percent.

Rumor to the effect that Palm Springs might lose the new airport on section 18 was allayed when Mayor Phil Boyd reported it unfounded and unjustified.

The rumor arose, it seems, because of a notice from the engineering office of the War Department in Los Angeles that the date for opening of bids on the new airport here has been postponed indefinitely.

This report caused a stir of indignation and a whirl of anxiety in Palm Springs. The story had it that the airport was going to San Bernardino together with the big supply and repair depot there; that Palm Springs was going to lose out altogether.

Ayres Says Not True

City Manager John Lange immediately got in touch in Los Angeles with Arthur Ayres, supervisor of airports for the Civil Aeronautics Authority. He said he was told by Ayres there is absolutely no truth in the rumor about the loss of the airport and that the postponement of the opening of bids was for only a short period of four or five days to permit making certain changes in specifications. Palm Springs, Ayres said, certainly is going to get its new airport.

City fathers approved appointment by the city manager of Robert W. Peterson as the new city clerk with monthly salary of \$190 and appointment effective December 1.

Resignation of Horace Pendery as a member of the library board was accepted. The council approved appointment by Mayor Boyd of Miss Jean Armstrong to the office.

Accepted also was the resignation of Wm. Lee Smith as police officer.

The council approved appointment of Ralph Newman as helper in the waste disposal department at a salary of \$121 monthly and advancement of Frank Britton from helper to driver at salary increase from \$121 to \$132.

Hiring of a part-time stenographer by the city planning commission at a salary of seventy-five cents per hour also was approved.

Tragedy Strikes Family of Local Winter Residents

To the family of Mr. and Mrs. L. C. Hooker, well-known Palm Springs winter residents for many years, came stark tragedy last weekend.

At home at 12317 Addison street, North Hollywood last Sunday, Mrs. Betty Spears, 38, daughter of the Hookers, and her ten-year-old daughter, Barbara Patsy Spears, were found unconscious. Mr. Hooker, failing to obtain a response when he called his daughter several times, made the discovery.

Both mother and child were rushed to the Valley Hospital at Van Nuys but the girl was too far gone to be revived. Mrs. Spears, however, recovered.

Overcome by Gas

Detectives who investigated believed that Mrs. Spears and her daughter were overcome by carbon monoxide gas from the furnace and that both lost consciousness, the mother on the floor, the child on the bed. Because Mrs. Spears was on the floor it was presumed that she did not receive a fatal dose of the poisonous atmosphere, as had her child.

Mr. and Mrs. Hooker are active in work of the Community church in Palm Springs. Mrs. Hooker is president of the Community Circle, prominent member of the choir and the church organist. Mr. Hooker is a member of the church board.

Potter Hueth Is Back in Village For Third Season

"Better late than never," quoth Potter Hueth, photographer, as he dropped into town Wednesday preparatory to moving to the village in about ten days to spend another season of camera snapping. Hueth was active in various lines of photography here last year, has been doing agency and publicity work in Los Angeles since last spring.

ers was reintroduced with larger provisions. It now embraces beauticians, cosmetologists, manicurists, pedicurists, electrolysis experts, steam or hot water bath operators, or apprentices or assistants of any of these.

No protest was made to application of Harry V. Varous, new operator of the restaurant and night club formerly known as Bil-Al's, for transfer of liquor license.

Installation of a wooden curb, painted red, on the Indian avenue frontage of DeVine's Market was ordered. Parking will not be permitted there hereafter.

The city manager, after reporting the condition, was instructed to have installed a culvert on South Palm Canyon Drive near Casitas Del Monte to relieve a bad drainage situation.

Forthcoming dinner affair of the Roads to Romance Association at the Desert Inn December 5 was called to councilmanic attention by the city manager.

Future Projects

Brought to attention also was the inventory of proposed public works which may be done after the present emergency. Lange explained to the council that he had outlined briefly in October the inventory of proposed public works that are to be undertaken by the Federal Government after the national emergency has ended. This is to be done under the Public Work Reserve of the Federal Works Agency.

His list of suggested improvement projects, submitted to the council for suggestions, included the following: new city hall, incinerator, fire station—north side, hangar-airport, municipal garage, public park, improvements—recreation field, administration building—airport, fire station—south side, addition to police building, municipal hospital, public roads.

Next meeting of the council was set for tonight, Friday.

SMALL DWELLING GOES UP IN FLAMES

Spectacular fire was that which destroyed a one-story frame structure, one of the half dozen or so hogans on the old Rogers Ranch property owned by Mrs. Zaddie Bunker. The house was occupied by Jim and Emma Deever, who were not at home at the time. Picture shows fireman shooting water on raging flames which had obtained such head start when discovered that efforts to quell them were of little avail. Photo by Frank Partridge.

Museum Activities

(Continued from First Page)

ber 13, Dr. Cowles' theories will be put to a practical test on a field trip to be conducted by the Desert Museum to the sand dunes east of Cathedral City. The trip will be free to members of the Museum and a charge of fifty cents a person will be made to non-members.

Under the leadership of Sam D. Hinton, director of the Museum, and possibly with Dr. Cowles along, the group will meet under the arch at Cathedral City at 9 a. m. on Saturday morning to investigate tracks on the dunes.

New Theory Formed

Dr. Cowles, one of the nation's most celebrated herpetologists, has done much research on cold-blooded vertebrates. At present he is working on the reaction of reptiles to various heat conditions. As a result of his work in this connection, a new theory has been evolved to account for the extinction of dinosaurs. It is now believed that the dinosaurs disappeared because they were cold-blooded and could not adapt themselves to their environment. Dr. Cowles, born in the UmZumb valley in Natal, Africa, has done much research in the deserts of the world. After finishing his college career at Pomona and Cornell, he returned to Africa to do a study on the life history of the Nile Monitor, a giant African lizard.

The Desert Museum will be opened Tuesday, December 16, and will be open after that date on week days from ten until 12 o'clock and from two until five; on Sundays from ten until one and on Wednesday nights from seven until nine. The institution will be closed on Mondays.

Lions Sponsor . .

(Continued from First Page)

be plenty of water available for drinking and cooking.

At the Monument the visiting group will be met by the Twenty-nine Palms Lions Club members who will spend the day with the localites.

Enjoyable Trip

From Palm Springs the luncheon site is about one and one-half hours drive. Motorists are advised to turn off the 29 Palms highway at Joshua Tree Ranch and go about fourteen miles in off the highway.

After luncheon the ranger in charge will conduct a tour to various interesting points in the area. Magnificent views are promised and field glasses will come in handy. Clothing suitable for cool weather is advised inasmuch as several points in the monument are at least the 4,000-foot elevation.

After a survey trip made last Sunday Lions Joe Butler, Everett Lilley, Ray Cree, and George Oliver declared the site to be most beautiful and the trip one which should not be missed.

It's Fun To Be Santa's Assistant

How'd you like to be the expressman at holiday time? He's Santa's best little helper, when it comes to delivery of Christmas gift shipments.

Just think of the kick you'd get out of bringing a load of packages from friends or relatives out of town to the gaily bedecked home where children are about. Every ringing of the doorbell is liable to bring the youngsters a-running, out of anticipation and curiosity.

No wonder then, that the Rail-

Mrs. Joe R. Dews Is Recuperating From Operation

So rapidly is Mrs. Verah Dews, wife of Joe R. Dews of the Tanner Motor Livery concern, recovering from a serious operation she was forced to undergo on Sunday, November 23, that her husband has been notified he will be able to bring her home next Sunday.

Suddenly becoming gravely ill, Mrs. Dews was rushed to the Community Hospital at Riverside on the 23rd and the operation performed immediately. She was attended by Dr. P. A. Staley of Palm Springs and Dr. Ray McCarty of Riverside.

way Expressman likes his job as first assistant to Santa as Christmas Day draws near.

Since at this time of the year the assistant's burdens are always the heaviest, F. W. Swoford, the local express agent, suggests that you do your shopping now and your shipping early.

Tennis Club Has Gay Round of Events This Week

Varied indeed was the round of activity at the Palm Springs Tennis Club this week.

Last night was the second of the season's maid's-night-off supper parties. The Hawaiian music and dancers made such a hit last week they were brought back for a return engagement.

Tonight the club is having a dancing party with Paul Ballard, recently instructor at the Waldorf-Astoria, to instruct in the rumba. There will also be a whirl at square dancing.

In and about the club last Sunday for luncheon were Mr. and Mrs. Howard D. Houghton, he being the manager of the famous "black-out" plant at Long Beach. They arrived with the Jack Forlines. Forline, now one of the top directors of personnel for Douglas, says his job is a pipe compared to a Palm Springs Indian Committee meeting. And he ought to know. He was a local resident for a number of seasons.

Mr. and Mrs. Nash Carton and Mr. and Mrs. B. E. Wrigley of Chicago were guests of Mrs. Foster Dudley. Mr. and Mrs. Henry Wick had Sunday luncheon with Mr. and Mrs. Frank Alcott and Mrs. Marion Myles. With Templeton Crocker was Rudolph Spreckels from Burlingame. Santa Barbara was represented during the week with Mr. and Mrs. Warner Edmonds, who were the guests of Mr. and Mrs. John Gill. Dr. Flora White was in with her brother, H. L. White of Hollywood, and Mrs. White.

Xmas Seal Sale 25 Percent Ahead Of Last Year

Success for the 1941 Christmas Seal Sale in Riverside county is forecast in receipts for the first week of the sale which are about 25 percent ahead of those for the same period last year, according to Mrs. Maurice Libott, chairman of local branch of the Riverside County Tuberculosis Association.

"Our county is preparing for a real war against tuberculosis in 1942 if the first week of the annual Christmas Seal Sale is any yardstick," said Mrs. Libott.

Returns indicate that more people are sending in their contributions early this year, pointed out Mrs. Libott. She urged people to use their seals on all letters and packages between now and Christmas and to make payment for the seals as soon as convenient. The seals are one dollar a sheet.

"Buy and use all the seals you can afford," said Mrs. Libott. "If you cannot afford to keep all the seals we sent you, keep what you can and return the remainder with your remittance. For you know every dollar, half dollar, quarter, and dime brings us just that much closer to our goal which is the stamping out of tuberculosis."

All people who have not received their Christmas Seals are asked to get in touch with Mrs. Libott.

"Money raised by the sale of Christmas Seals supports the anti-tuberculosis program of the Riverside Co. Tuberculosis Association," declared Mrs. Libott. "This money is not only instrumental in saving lives and making many individuals who are afflicted with tuberculosis happier and better citizens but also saves your county many dollars in tax expense which would otherwise have to be spent for the hospitalization of the unfortunate."

Mrs. Babcock Honors Local Artist With Tea Wednesday

The placing of fine paintings and their relationship to one another in achieving a harmonious effect were discussed by Evelyn Nunn Miller in her informal talk on "Art in the Home," at a tea given at the spacious home of Mrs. Helen Babcock on Wednesday.

The careful choosing of subjects with colors which reflect the colors of the room, with complementary colors in the smaller or secondary paintings was ably shown by this artist in her demonstrations with paintings from her studio on Palm Canyon Drive.

A graduate with honors in art from Pomona College, Mrs. Miller taught there for a time and has had highest honors and recognition for her work, in the art of the world.

Invited were Mrs. M. Hall McAllister, Mr. and Mrs. Harold Barkow, Mrs. Nora Williams, Mr. and Mrs. John S. Jenkins, Dr. and Mrs. John Robertson Macartney, Mr. and Mrs. W. W. Sawyer, Miss Lulu Kanaga and her guest, Miss Marie Clymer of Chicago, Mr. and Mrs. C. W. Gottbeuet, Mrs. Frank Roberts, and Miss Ann Roberts.

Threats of a paper shortage in the United States are heard, but our postman who groans annually under the load of Christmas cards is not optimistic.

GARBO RETURNS

The love birds in the above photo are Greta Garbo and Melvyn Douglas, co-starred in "Two Faced Woman." Garbo's first picture in two years, in which she portrays a double role. As Greta Garbo was starred in the first motion picture ever to be shown at the Plaza Theatre, "Camille," Manager Earle Strebe thought it only fitting to book "Two Faced Woman," also starring the great Garbo, for the Plaza's big sixth anniversary party on Friday night, Dec. 12. This fine picture will be shown Friday, Saturday and Sunday, Dec. 12-14, at the Plaza.

Cathedral City

(By WILLARD HILLERY)

We muffed announcing in advance the monthly chamber of commerce meeting at the Town Hall last Tuesday evening. The interested residents always find the time and the place so there was an average attendance. The matter of street paving by the county was brought up and as the season is advancing and no one from the county offices has even said "hello", it was decided to again write Supervisor Robert E. Dillon regarding the matter. With the clean-up campaign going forward, it is felt we are entitled to aid from the county in the street work. In the clean-up discussion it was learned that many citizens had either cleaned up their premises or had donated cash for having the work done, or had done both. The chamber of commerce voted \$10.00 toward haulage expense.

Mrs. Raymond Cree appeared and gave a talk on organizing a first aid unit of the Red Cross in Cathedral City. Mrs. D. S. Becker also followed with offers of co-operation in organizing such a unit here or, if there are so few enthusiasts that a creditable showing cannot be made here, then the locals could unite with the Palm Springs group. The activity outlined is the sort the chamber of commerce should sponsor and is doing so, but it seems such a pity that so few are willing to work for the community, the nation and humanity.

Mrs. McMickle reported progress on recreation plans. W. L. Jordan reported the community sign near the Highway Maintenance Camp between Palm Springs and the railway station had been repaired, repainted, and looks very good.

The matter of the annual Cactus Jumpers Jamboree was discussed and a special and general public meeting is scheduled in the Town Hall for the 16th of this month. Keep that date. Help plan the one big annual community fiesta. During the meeting several present were annoyed by the racket made by one of the many parked cars beside the Town Hall, being backed out and driven away. Such things should not happen. The resignation of Kathleen Naef as secretary of the chamber was accepted and a letter of thanks for faithful service was authorized.

Mrs. Ruth Metz, who has assisted us by acting as secretary lately, was nominated to fill that position and received the unanimous vote of those present. The job is a goose-egg salary proposition and the directors should keep in mind a policy laid down in the past that many committees can be authorized to write letters where letters are called for and thereby lighten the burdens of the secretary.

A. V. Linkletter heads a committee to put on a feed for the special meeting.

Now that is all we remember about the chamber meeting, but here is the rest of the story about the traffic racket that occurred during the meeting. When C. W. "Slim" Larison and his Alpha-may went out after adjournment to get into their car, it was gone. It had been stolen. Slim went immediately to Constable C. L. Templeton's home here in our village and reported it. Constable Templeton got on the job immediately and a teletype went out. While investigation is going on it is only fair to the law enforcement officers to report the car was recovered undamaged in

Palm Springs. Everyone here likes Slim so much that it is unthinkable that the thief had knowledge of the ownership of the car.

Miss Dolly Piper has accepted a clerkship in our postoffice under Postmistress Edna Cobb. Mrs. William R. Cobb is taking advanced music from Kurt Reinaman. Mr. Reinaman's name should have been mentioned in our artist colony list as we have seen a number of his paintings.

Mr. and Mrs. Charles Philip Krauth went to Riverside this week to attend a meeting of the Hispano-American Society at the Mission Inn.

Young Robert Higgins fell from his bike at the Standard Stations and received a serious gash in his head, this week. We understand Robert is recovering nicely, for which we are all very glad.

We hope reception over KMPC at 4:15 Wednesday, December 10th, is good, for we will want to hear Willard Price speak on the "Meet the Author" program. Price's book, "The Barbarian," a story of Japan, is forcing the author to accept a number of speaking engagements. Among them he is scheduled to speak at the Book and Authors' Luncheon at the Hilton Hotel in Long Beach, on the 11th and on the 15th at another Book and Authors' luncheon at the Ambassador Hotel in Los Angeles.

The many friends of Mr. and Mrs. Robert DaVall will be pleased to learn of the birth of their first child, a daughter, last Monday at the Loma Linda Hospital. Latest reports are that mother and daughter are doing nicely and Robert is wreathed in smiles. Congratulations.

How many have noticed the bright new flag that now flies at the local postoffice? It's a glorious thing, and if your blood is not quickened by sight of it then it is disappointing that an island can't be found for your home where you and others like you could enjoy a sour time together. Hope I don't forget about the yams next week.

A beautiful plant was given Marguerite G. Hillery this week at a small surprise party sprung by intimate friends. The party was so entirely impromptu that everyone had a very nice time.

A very enjoyable afternoon was had by the members and friends of the Cathedral City Woman's Club card party held last Wednesday afternoon. A large crowd assembled at Town Hall and refreshments were served by a committee composed of Mrs. Marguerite Hillery, Mrs. Ora Geffert and Florine Keogh. Mrs. Martha Clark was chairman of the day. Prizes were won by Mrs. Robb, Mrs. Spiegel, Mrs. Elsterman and Miss Petterson.

The village was afforded a rare

Supervisors Agree To Save Sum For Next Year

The \$167,000 item in the 1941-1942 county budget will not be touched for any purpose this year, at least that is the opinion of Supervisors Robert E. Dillon, Ed Hill and Floyd E. Gilmore, but will be retained to help lower the 1942-1943 basis rate tax. The three men expressed themselves in an informal discussion during a recess of the board of supervisors Monday. The men declared they were opposed to any outlay of funds from this item for any purpose, even some new defense project.

The amount was budgeted originally in anticipation of an Army Air Corps repair depot being located in the county. Two sites were under consideration—one at Hemet and one at Norco. It has since been announced that a site in San Bernardino had been selected months ago, probably before the budget was made up.

Man Arrested, Held for L. A.

Involved in a minor traffic accident in Palm Springs, Clarence Philip Cardoza, 20, a laborer from Culver City, was taken in custody and held for the Los Angeles police department. Police Sergeant Ludwig Braumoeller, who investigated the accident, discovered Cardoza was wanted by the police of the metropolis to answer to two traffic warrants.

treat Sunday evening when Chaplain Buzzell of Camp Haan showed interesting pictures and gave a lecture on China, where he spent fourteen years. Town Hall was filled to capacity by members and friends of the Community Church. Chaplain Buzzell brought with him ten boys who furnished part of the music.

Another part of the program was a solo by Mrs. Carter Preston and a duet by Mr. and Mrs. Preston of San Diego.

The boys from the camp were taken to the nearby date gardens and then to Town Hall for supper.

The Board meeting of the Community Church was held Wednesday evening at the home of Mrs. E. H. McMickle. At this meeting it was decided that the ladies of the church would give a church dinner and Christmas community sing for members and friends of the church Wednesday evening, December 10. This affair will be held at Town Hall. Invitations are being mailed to villagers within the next few days.

Mrs. E. H. McMickle, accompanied by Mr. and Mrs. Ernest Tomkins, will drive to Coachella next Tuesday evening to attend the installation of officers meeting of the Eastern Star.

Fell six miles to make flying safer. Defense experts and doctors expect to learn a lot about mental blackouts, oxygen hunger and other peculiar and unpleasant, even sometimes fatal, effects of traveling at great heights from a parachute jumper's courageous and unique experiment. Don't miss this timely and thrilling article in The American Weekly the magazine distributed with next week's LOS ANGELES EXAMINER. hrs

Group Meets Sunday Evening

By GORDON NICHOLSON

The C. E. Fellowship meets again next Sunday, December 7, at 7:30 p. m., in the Community church. This will be a third of the meetings given by the officers of the Society.

The secretary, Patricia (Pat) Ryan, will conduct the meeting Sunday and the topic will be: "The Churches in America." This is said to be of interest to everyone, so try to come. It will be of benefit to you if you attend, for announcements will be made concerning the future activities of the group. Remember, 7:30 p. m., Community church.

AN EVERLASTING DWARF PINE

These unusual and interesting trees are real, dried, imported dwarf pines planted in attractive colored pottery containers. Graceful and realistic looking, they have the rugged beauty of ancient wind-blown coastal pines. Approximate age of these trees is about 100 years.

The unique ornaments consist of birds roosting and nesting in the branches, and other wildlife.

**Start New Plan
Of Activity For
Music Section**

Inaugurating a new plan of activity for the music section of the Woman's Club, Mrs. Jack C. Hill, chairman, is inviting all members of the club who have any interest in singing or in music study to meet at the club house Wednesday afternoon at 1:45 to hear Miss Frieda Frommel, musician and music teacher. Miss Frommel will outline the life and times of one of the well-known and loved composers, playing selections from his compositions.

Following the meeting the group will enjoy chorus singing. Mrs. Hill is anxious to have everyone interested attend in order to make plans for the season.

**High School to
Issue Paper**

With Palm Springs high school activities once more in full swing, a staff to publish a school paper is being organized. This staff is composed of volunteers from the English classes, with Mrs. Martin, English teacher, as the adviser of the group.

First planned as a semi-monthly publication, the paper may be increased in scope to a school magazine when the students have had more writing experience. But for the present a four to six page edition will be printed.

The students expect to put out their first issue before Christmas, covering the news for this month.

**French Club Has
Inaugural Party**

Promoted by the interests of the French classes at Palm Springs High school, the newly organized French club is becoming quite active.

On Saturday, November 28, the members celebrated their first party at the home of Max Vaucher, French instructor at the high school.

Officers elected were: President, Mildred Gibson; vice-president, Carolyn Purcell; secretary, Nancy MacNaught; treasurer, Bob Morrison.

The purpose of the club is to promote the speaking of French among the students.

DOT'S DASHES

By DOROTHY VARNUM

This week a full moon greets the guests coming to our world-famous desert resort. Stars in a clear sky, so close you feel as though you can touch them. ROGERS RANCH... ARABY... McDONALD and RANCHO STABLES are taking advantage of the clear, perfect nights and are arranging moonlight rides, steak fries, breakfast rides and private parties for the horse-minded and outdoor enthusiasts. A tallyho (loaded with those who haven't mastered the art of riding), careening along a desert road... the acoustics of the still desert air carrying the sound of the hoof beats... the chatter and laughter of the gay riders... a chuck wagon loaded with food... an ember fire from which the aroma of luscious steaks, or ham 'n eggs permeates the air... the lure of the desert... down-to-earth fun... romance... it'll get you too, if it hasn't already.

Getting night club tans were actor LOUIS HAYWARD... local realtor CHAS. and MRS. MATHEWS... PETER LORRE... MAE and WM. "BILL" SPENCER... all in the Luau. BILL FOLDES, the genial host, as usual.

CHAS. "BOBBY" BURCH proudly displaying his inverted "V" stripe which means he is now a private 1st class in Uncle Sam's Air Corps at March Field. We're proud of that uniform BOBBY!—and you look swell in it.

The Racquet Club on Saturday night was illustrative of Palm Springs in full swing. A glorious party, excellent entertainment, MC-ed by popular GEO. E. STONE, R. A. F. Wing Commander J. H. LITTLE... pianist JOHN "Blues in the Night" MERCER... MGM writer SCHARY... BETTY OAKLAND... MRS. GEO. JESSEL... JOHN SCOTT TROTTER... RALPH BELLAMY... FRED ENGLER... many, many more... on and on into the night.

MR. and MRS. WM. K. HOWARD in the Rainbow Room getting relaxation between pictures. Director HOWARD discovered VIVIAN LEIGH... RAYMOND MASSEY... FLORA ROBSON... and others in the pic "Fire of England" in 1936, which he directed. CHAS. BUTTERWORTH and party... DON AUBLE at the piano. JOE SMIER'S accordion answering requests. A favorite spot—the Rainbow Room. Where's RICHARD "Bud Alderidge" ALDEN?... the lad who played CARY GRANT'S son in the Howards of Virginia... He used to be a frequent visitor here.

Ducking defense duties for a few days is ROBERT PORTER, production manager for Consolidated Steel, L. A. MR. JORDAN, an ardent tennis player, is finding the championship court at La Paz much to his liking. Concluding their aerial trip, which took in all the wonders of our Western country, MR. and MRS. H. MARKEN-SOHN (Gruen watch) of South Orange, New Jersey, set their ship down here and are sojourning at La Paz Guest Ranch before returning East. Returning from the "severalth" season, RALPH GOETZ, taking time out from his L. A. oil desk duties to catch up on his gin-rummy. MR. and MRS. WM. H. HOGGEN of Detroit, are paying their first visit to our village, staying at La Paz. MR. HOGGEN sells all those pretty colors to Chrysler Motor Car Co. to grace the streamline products they manufacture.

Security First National J. F. and MRS. SARTORI (he was the L. A. founder)... MR. and MRS. JIMMY DURANTE... MR. and MRS. JACK DORMAN (Hoover Vacuum) from Canton, Ohio... CAPTAIN and MRS. J. F. LUCK from Dallas, Texas (where so many of our aviators come from)... MR. and MRS. GEO. OVERTON, Geneva, Ill... MR. and MRS. J. H. MALLARD... NANCY PITTS from La Jolla... W. D. MALLARD from Omaha, Nebraska... all are playing tennis, swimming, and sunning at the Desert Inn.

CAROLYN COBB is watching the diet of her Scottie dog! ANNA-BELLA, which won a ribbon in the dog show last year, is to be entered again this week, and CAROLYN wants to be sure no pounds are added.

EDGAR BERGEN and CHARLEY MCCARTHY flew into town for a few days of sun (or is it going to cloud up.) Quiet CHARLEY! A few of the many parties in the Crest Room: CLAIRE WINDSOR... MAURY WILLOWS... GLENN WARNER... JANICE CAWTHORNE... ULMER LIDE (from New York)... JOE COLLINS... and others. A gorgeous bouquet of birds of paradise bearing the card "Vice Consul, Republic of Uruguay," was brought into the Colonial House for a charming, dark beauty, Lucky gall!

Another good work is being started in Palm Springs by high school's Superintendent RICHARDSON and MRS. MARJORIE BEST. Sixteen girls are signed up to start a junior mounted riding group. BETH CHASE has been assigned the duties of drilling the girls in military routine. BABS NEEL is the chairman. These girls are willing to do anything to further their ability and be ready for an emergency. They all are to be congratulated.

Remember: There are always three sides to every story. Your side, my side, and the truth. Hear all before you judge. Bye, now.

On their honeymoon at El Mirador are Mr. and Mrs. John Parr Cox of San Francisco. The young couple have been posing for all sorts of pictures to place in their scrapbook in which they are keeping a record of their vacation.

Greensboro (Ga.) Herald-Journal: Everything that goes up must come down might be the law of gravity but it hasn't anything to do with food prices.

U-DRIVE CARS—PHONE 4444

**Start Christmas
Festivities With
Musical and Tea**

For the fourth consecutive year the Christmas festivities of Palm Springs are open with the musical and tea given by the ladies of the Community church. Tuesday, December 9, has been selected and the musical will be at 2:30 o'clock in the afternoon in the church auditorium, followed with tea in the parlors.

An exceptionally fine program has been arranged, the artists coming from Monrovia and Long Beach, are well known to a number of our villagers. Mme. Anita Baicheroff, concert pianist, is frequently heard over the radio and who has been guest soloist for many of the musicals and concerts in the West. Mrs. Nell Hanft, soprano, was soloist for John Smallman's choir in Los Angeles and many times soloist in St. Paul's Cathedral. Mrs. Hanft was originally from New York. She has been guest soloist at the Community church here on several occasions and has made many friends with her exceptionally fine voice, as well as her gracious manner. Miss Margaret Weigel, flutist, is a Los Angeles girl and is soloist with the San Gabriel Ballet Orchestra. She is a gifted musician and will play an obligato with Mrs. Hanft, as well as solo numbers.

Christmas Readings

The Long Beach contingent of villagers will be delighted to know that Mrs. Hinshaw, a reader of much ability from the coast city, will give several Christmas readings which will round out a most delightful program for the afternoon. Those who have attended these musicals in the past know what efforts are made to bring musicians of note and ability and this year will be no exception. A cordial invitation is extended to all, both men and women. The offering this year will be for the benefit of the needy of our village.

Program

Scherzino... Lenardo DeLorenzo
Menuet from L'Arlesienne
Suite No. 2... Bizet
Bagatelle... Flashman
To the Children... Rachmaninoff
Christmas Bells... S. Liddle
Etude in A flat (harp)... Chopin
The Maiden's Wish... Chopin-Liszt
Scherzo in C sharp minor... Chopin
The Glory of the Lord...
Agnus Dei... Georges Bizet
with flute obligato

ON WAY TO FLORIDA

John C. Fischbeck and his attractive wife and very adorable baby, Rester, stopped in at El Mirador on their way to Florida. Fischbeck is manager of the Royal Hawaiian Hotel. Upon their arrival Tuesday night, the Warren Pinneys presented them with a lavish dinner served in the Coral Room.

Lady Bateman came down to El Mirador for several days with Louise Vallet and Ann Rosan.

Pay Telephone Bills before the 30th and receive your discount.

**Hidden Palms Gulch
Scene of Week's
Breakfast Trip**

To Hidden Palms Gulch, reached by way of Palm Canyon wash and a couple of miles south of Smoke Tree Forest rode the Desert Riders for their Wednesday morning breakfast affair. As special desert feature for the trip, "Francois Bogears, famous herpetologist of the University of California," as Top Wrangler Tony Burke described Frank Bogert, chamber of commerce publicity man, told all he knew about snakes. Bogert has learned considerable about snakes from his well-known herpetologist brother and himself has gained much actual experience on the local desert. Thus he was able to give his listeners some most interesting information. Approximately forty members and guests participated in the ride.

Mr. and Mrs. Sidney Stewart getting very tan by El Mirador pool these days.

**Former Local High
Grid Star Given
Football Honors**

Formerly a Palm Springs high school football star and student leader, Bob Thompson, now a student at Whittier College, has been selected on the second eleven of the all-Southern California conference football squads announced this week. Thompson has been a regular guard on the Whittier team which won the conference championship this season.

During the last few games of the year, Thompson played more than any other member of the squad. Injuries to another guard made him an "iron man" for three games, but he came through in fine style. He will be back for his third year as a Whittier Poet next season when the champions defend their league title.

**CLASSIC LEAGUE
BOX SCORE**

Dr. George Brahe has finally unlimbered in the Classic bowling league. After Doc got through pitching Thursday night on the local alleys he had strung together games of 190, 233 and 234 for a big 657 series, which was more than enough to pull the Village Sandwich Shop team into a four to nothing win over the visiting Pinky's Cafe team of Redlands. The local team increased their league lead with a fine 2964 series, including a big 1030 last game.

Box score:
Village Sandwich Shop
McCutchen...217 146 235-598
Brahe...190 233 234-657

SPORTS**Bowling Them Over**In Palm Springs
News of the Palm Springs
Bowling Academy
(By E. KENT ROSE)**Ladies' League**

Annette's Beauty Salon team climbed higher in the Palm Springs ladies' league by downing Community Laundry, despite Billie Tomlinson's fine 526 series. Banning Texaco split with Chi-Chi while the Sandwich Shop and DeVine's did the same. Monday night marked the end of the seventh week of play and top individual averages show:

F. Spellman...171
B. Tomlinson...159
G. Murray...157
I. Foldes...154
O. Brahe...153
M. Morris...152
D. Cooper...149

This is a very good record for Palm Springs and tops any previous year's mark.

Team standings show the following:

	W	L
Chi-Chi	18	10
DeVine's Market	17	11
Community Laundry	14	14
Annette's	13	15
Village Sandwich Shop	11	17
Banning Texaco	11	17

High team series: DeVine's, 2358.

High team game: Annette's, 830.

High individual series: Spellman, 624.

High individual game: Cooper, 221.

Major League Notes

La Plaza turned the tables on Banning Nite Spot in Tuesday night's Major League. After dropping the first game to a big 1012 Banning score, John Miller and team turned on the heat to take the next two. Toby Curtis was high for the evening with 655, while John Miller with 616 and Doc Brahe with 603 accounted for the other six hundreds. Armstrong took Gibbs 2 to 1 and Earl Hough's Flying A's slowed up Valley 2 to 1 in the other matches of the evening.

City League Flashes

Portnoy's Playboys held onto first place with a 3 to 1 win over Smoke Tree. Bernie Martin was boss with 538. El Mirador climbed nearer the top with a 4 to 0 sweep over the Catholic club, while the giant killing Modern Amusement team beat back Texaco 3 to 1. Bill Kelley with 486 was high.

HIGH-JINKS

Last Friday, Nov. 28, the freshmen gave a school dance, with the full cooperation of the freshman class members and their sponsor, Miss Hall, and I don't mind saying it was a big success. They decorated the new assembly hall in true Hawaiian style. The dance got going about eight and there was a good crowd all through till the end. During the evening there was a floor show. Five boys from the freshman class volunteered to do a comic Hawaiian dance. This went over in a big way. The boys were Rould Jacobson, Robert Smith, Norman Servens, McKinley McDaniels and Bob Hann. There was also a door prize, won by an out-of-town boy. In every way this was a swell party.

Senior Formal Dance
Speaking of dances, there's a big formal affair coming up this Saturday. This will be sponsored by the seniors. To make it more fun they've arranged to have the girls ask the boys. That gives the girls a fair chance.**Lions Club Speech Contest**
The Lions Club again is very generously sponsoring a student speaking contest. Three students from each class will compete in front of the school. The winner will compete against other schools. This not only gives the students a chance to show their talents but it gives everyone good practice in acquiring speaking ability.**Spanish Club Rhumba Class**
Miss Cook thought it a good idea to organize a dancing class and teach some of the students how to dance to the South American tunes. The South American music is played at the dances and we all think it fun to dance the rhumba.**SAN FRANCISCANS**

Mr. and Mrs. E. H. O'Brien were guests at the Desert Inn this week. O'Brien is the assistant manager of the Sir Francis Drake Hotel in San Francisco.

Mr. and Mrs. G. E. Jennings, visitors from Atherton on the San Francisco peninsula, are spending a week at the Desert Inn.

SKATING NEWS

By LOU ANDERSON

Hart Bartle, our popular floor man of last season, is back. This should be good news to the many that have inquired about him. There have been several ladies especially who have asked about lessons. Hart is available every morning for lessons by appointment. Moreover there will be a special class held for rearing and waltzing every Tuesday and Thursday. It will be held from 10:30 to 11:00 immediately after the regular session. Everyone is invited to attend without charge. It has been established that the best way to learn these steps is in a large class where there are no individual standouts and therefore no one becomes self-conscious. It was very successful last year and we look forward to creating a lot of interest. Those of you who are on hand next Tuesday or Thursday be sure to remain for this extra session.

Bob M., who has gone from one glamour girl to the other is now playing the field again. Can't you make up your mind, Bob? What good-looking blonde guy has named his new boat after his favorite skating partner... Flash! the name of the boat is Snookie. What curly-haired guy from India is mourning Mary's recent marriage more than anyone? By the way, now that Mary is married, Betty T. has taken over the role of chief glamour dispenser. Look out you fellows, especially Preben S. What girl took three fellows home in a taxi last Friday night? What two girls are most pleased at seeing Arbon S. back as a regular skater? Mary and her brand new groom, Marland McManus (a swell guy, incidentally), are the perfect couple. They not only skate beautifully together but have perfected spins that are seldom seen anywhere. For the benefit of those who haven't seen their unique numbers they perform every Sunday night.

Bill Bailey, that great speed merchant from Harry's rink in San Berdo is not only attracting attention by his flawless performance on the floor, but has caused some heart trouble besides. Isn't that so, Mary F.? Things seem to be on again with Donna J. and Houston F., as they showed up at the ring Wednesday night together.

Let's go, you mothers and fathers, who have asked about shoe skates. We are sending in a large order and will hold it open for another few days, but hurry if you want the skates by Christmas.

**Entertain Guests
From Bay City**

Mr. and Mrs. E. A. LaFleur have been entertaining Mr. and Mrs. Elmer Shine and Frank M. Dickey of San Francisco during the past ten days. Shine is assistant cashier of the Wells Fargo Bank. All the visitors were much impressed with Palm Springs.

Mr. and Mrs. D. W. Field of Montebello, Massachusetts, are spending a week at the Desert Inn.

Mr. and Mrs. Walter Scott of Portland are among the guests from the northwest sojourning at the Desert Inn.

Pay Telephone Bills before the 30th and receive your discount.

Only 25 Miles Drive from
Palm Springs... and
Worth It!**Sports Highlights**

By DICK MCGONAGLE

The fighting Indians of Palm Springs High started out the basketball season in the right way with a 40 to 23 victory over the San Jacinto Tigers last Friday afternoon on the losers' court.

The first half of the game was a nip and tuck battle, with first one side taking the lead, then the other, but after the rest period the Indians poured on the heat and coasted away. Fred Frost was high scorer with 14 points. Tommy Haynes and Manuel Chavez followed with eight and six respectively.

The B team also was successful, scoring a 20 to 9 victory over their adversaries. High point man was Bill Gilbert with six. Pete Nila and Joe Sandeffer each bucketed two field goals and a free throw to score five points. This game also featured a first half battle before the victors pulled away.

The line-ups and points made by each of the Palm Springs teams follows:

A's—Haynes, 14; Frost, 14; Chavez, 6; Lienau, 14; Morgan, 3. Scoring subs: Sanard, 2; Guyer, 2; Gilmore, 1.

B's—Gilbert, 14; Nila, 14; Sandeffer, 5; Chavez, 1; Rabb, 0. Scoring sub: Bradford, 3.

Friday the Indians journey to Coachella, where a practice scrimmage will ensue; the following Monday the enemy will be Colton high. None of these are conference engagements.

Football Banquet

Immediately after the Colton game the players will be rushed back to Palm Springs for the football banquet. This event should be long remembered by those privileged to attend, for Clark Shaughnessy, coach of the Stanford Indians, may be present to speak to the group. Dick Hyland, sport columnist of the Los Angeles Times, has also been contacted and it is hoped that he will be there.

SOCIAL DIRECTOR

Wondering if she will be able to get passage back to Honolulu is Barbara Courtwright, social director of the Royal Hawaiian Hotel, who is a guest at the Desert Inn.

**SPORT
NEWS EVENTS**—at—
125 EAST AMADO ROAD**Improper cooking destroys vitamins****Let a CP gas range
help you save them**

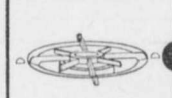

TOO OFTEN, HEALTH-GIVING VITAMINS in meats and vegetables are killed through the wrong kind of cooking. The natural supply of essential minerals, too, is reduced. Vital reasons why more and more homemakers are turning to vitamin-thrifty CP gas cookery!

YOU CAN SAVE both vitamins and minerals, for example, with the controlled heat oven of a CP (Certified Performance) gas range. You'll serve tempting, juicy meats, roasted with little or no water—and you'll be able to reduce meat shrinkage as much as 20%. Yes, and vegetables not only have more vitamins—they are far more delightful to the palate—cooked the CP "waterless" way.

GET FULL INFORMATION on CP vitaminized cooking soon from a DEALER or SOUTHERN CALIFORNIA GAS CO.

**WHAT EVERY WOMAN SHOULD
KNOW ABOUT VITAMIN-SAVING**

- 1 Use little water in cooking.
- 2 Cook vegetables for the shortest possible time.
- 3 Cover utensils to keep air out.
- 4 Avoid unnecessary stirring of vegetables.
- 5 Don't put in baking soda to brighten food colors.
- 6 Start vegetables in boiling water.
- 7 Don't throw away vegetable liquids—use them in soups or cream sauces.
- 8 Keep foods as fresh as possible—use dependable automatic refrigeration.
- 9 Serve plenty of green vegetables.
- 10 Serve foods soon after cooking.
- 11 Broiling is preferable to frying to retain vitamins.
- 12 Low-temperature roasting saves vitamins, minerals.

VITAMIN-SAVING IS
ONLY ONE OF THE
REASONS I LIKE MY
GAS RANGE**THREE OF THE WAYS A CP GAS RANGE
WILL HELP YOU SAVE VITAMINS****VITAMIN-SAVING BURNERS.** Simmer settings make possible the "waterless" cooking of vegetables, recommended by vitamin authorities.**VITAMIN-SAVING BROILER.** No pre-heating necessary. Meats retain more vitamin-rich juices, because cold-start broiling enables you to broil the portion nearest the flame, without overcooking the under side.**VITAMIN-SAVING OVEN.** CP controlled heat enables you to roast meats with minimum of water, and yet avoid drying-out. Low temperature CP roasting also enables you to reduce meat shrinkage as much as 20%.FOR HEALTH PREPARATION
Save Vitamins
WITH A
**GAS
RANGE**

THERE'S A WORLD OF BEAUTY and convenience, too, in the new Certified Performance gas ranges. Stylish new design, time-saving features such as faster top burners and automatic lighting—plus an operating cost that's two-thirds less than the next-best method.

What's Needed by Friendly Service

By MARGARET CREE

Great numbers of articles which are needed at the House of Friendly Service for use by those in straightened circumstances are being sent each day to the dump to be burned, and housekeepers are urged to segregate such articles and have them collected by representatives of the House of Friendly Service.

Bedding of all kinds is badly needed, and furniture and household equipment finds immediate use because of the great demand. Clothing, especially for children of school age, is another great need.

Collect at Any Time

Mrs. Clarence Bosworth, telephone 3777, and Mrs. Charles Burket, telephone 3213, are ready to come to collect bundles at practically any moment. A call to either will find your donation whisked away and out of your sight as though by magic. And magic it will be, too, when it reaches the hands of those who need the very things you are discarding.

The particular demand this week at the House of Friendly Service, which is maintained by the welfare and friendly aid section of the Woman's Club as an answer to definite need, is underwear for children, both boys and girls, from 6 to 12 years of age. This should be in a wearable condition.

Blankets, whether whole or worn, are in constant demand. Worn blankets can be mended or cut into small sizes for children.

Plan to Entertain Soldier Group for Christmas Dinner

So successful was Palm Springs' entertainment of soldiers from Camp Haan and March Field on Thanksgiving that plans are being made for a similar affair at Christmas with the Lions Club again taking the initiative.

Nearly a hundred more lads in uniform could have been placed last Thanksgiving had they been available. So it is desired that information be given early as to the number desired here for Christmas dinner.

According to Dr. John Robertson Macartney the major at Camp Haan has signed his approval provided he knows the exact number that can be taken care of, long enough in advance.

It is asked that requisitions be phoned to W. R. Hillery, Cathedral City, Lloyd Simon, Dr. Macartney or the fire station not later than Dec. 15.

A judge was pointing out that a witness is not necessarily to be regarded as untruthful because he alters a statement made previously.

"For instance," he said, "when I entered this court today I could have sworn I had my watch in my pocket. But then I remembered I had left it in the bathroom at home."

When the judge got home that night his wife said: "Why all this bother about your watch—sending four or five men for it?"

"Good heavens," said the judge, "what did you do?"

"I gave it to the first one who came; he knew just where it was."

Quiz Kids Put on Special Show for Christmas Seals

Youngsters, discussing special program with Homer J. Buckley of National Tuberculosis Association, are: Gerard Darrow, 8 (extreme left); Jack Lucal, 14 (seated at desk); Richard Williams, 11; Margaret Mary Dougherty, 14, and Claude Brenner, 13.

STARK DRAMA

Above are Walter Huston and Dana Andrews in a scene from "Swamp Water," the sensational Saturday Evening Post serial, now brought to the screen. This outstanding production opens Thursday, Dec. 11, at the Palm Springs Theatre for a three-day run.

AMERICA'S "LIBERTY BELLE"

Curly-haired, vivacious Ilyana Yankwich, 16-year-old Los Angeles school girl, has been selected as the "typical American girl" by the non-profit National Home Library Foundation of Washington, D. C., after a coast-to-coast search for the young lady most representative of the nation's youth in connection with the publication of David Cushman Coyle's patriotic little book, "America." She is the daughter of Federal Judge and Mrs. Leon R. Yankwich, prominent Palm Springs winter residents.

Daughter of Winter Resident Is Chosen as Typical American Girl

Winner of a national competition sponsored by the National Home Library Foundation of Washington, D. C., to find the young lady best qualified to bear the title of America's "Liberty Belle" is Ilyana Yankwich, 16-year-old daughter of Federal Judge Leon R. Yankwich and Mrs. Yankwich, Palm Springs winter residents and of Los Angeles also. Miss Yankwich is a senior high school student in Los Angeles.

The national competition was sponsored by the foundation in connection with publication of the patriotic volume, "America," by David Cushman Coyle. Members of the advisory board of the non-profit foundation, headed by President Sherman F. Mittle, include such noted figures as Will Durant, Albert Einstein, Eugene O'Neill, Henrik Wilhelm Van Loon, William Allen White, Eva LaGallienne, Louis Untermeyer, Dorothy Canfield Fisher and Charles A. Beard.

The curly-haired Ilyana with the engaging grin and generous dusting of freckles qualified for the honor by fulfilling four major requirements: attractiveness, intelligence, poise and a lively interest in the opportunities afforded youth in America.

Versatile is the word for Ilyana—and for the typical American girl. She "likes everything." She knits, weaves, cooks, skis, swims, plays the piano and is a top-ranking scholar. The "Liberty Belle" has traveled extensively, loves good music, is a devoted movie fan and an active sports-woman.

Ilyana thinks every American girl is lucky "just because she is an American." She is an enthusiastic reader of Coyle's terse little book, "America," a 91-page analysis of this nation's destiny in the war-torn world of today.

The Yankwich family has a home in Palm Springs and its members have spent a good share of their time here each winter season for a number of years.

CHRISTIAN SCIENCE CHURCHES

"God the Only Cause and Creator" is the subject of the Lesson-Sermon on Sunday in all Churches of Christ. Scientist. The Golden Text is from Revelation: "Thou art worthy, O Lord, to receive glory and honour and power: for thou hast created all things, and for thy pleasure they are and were created."

Among the Bible citations are these words from Luke: "And, behold, there was a woman which had a spirit of infirmity eighteen years, and was bowed together, and could in no wise lift up herself. And when Jesus saw her, he called her to him, and said unto her, Woman, thou art loosed from thine infirmity. . . . And immediately she was made straight, and glorified God. . . . And the ruler of the synagogue answered with indignation because that Jesus had healed on the sabbath day. . . . The Lord then answered him and said, Thou hypocrite, doth not each one of you on the sabbath loose his ox or his ass from the stall, and lead him away to watering? And ought not this woman being a daughter of Abraham whom Satan hath bound, lo, these eighteen years, be loosed from this bond on the sabbath day?"

A selection from "Science and Health with Key to the Scriptures" by Mary Baker Eddy states: "Many years ago the author made a spiritual discovery, the scientific evidence of which has accumulated to prove that the divine Mind produces in man health, harmony, and immortality."

VIEWS AND NEWS

(Continued from First Page)
about that one property owner's query about bats. He must think we are an authority. Still, because the inquiry was made in all seriousness (we like to think) perhaps some village naturalist can tell this property owner what to do about the increasing bat population which flits about his place and keep him busy trying to keep the stucco walls as white as they should be.

TO OUR office the other day came Charles G. Ganty, principal of the Nellie N. Coffman junior high school, with a copy of the Junior Hi-Light (two cents), a four-page mimeographed newspaper, published for the first time by students there. The lead article, entitled, "We Go to Press," was signed by John Wilson, editor. From it and other stories, this scribbler learned once again, long-forgotten lessons in newspaper directness.

WE WOULD like to extend our congratulations to young Editor John Wilson and his staff, Julie Martineau, Lloyd Downing, Jacob Rotchstein, John Klug, Herbert Stewart, Barbara Croft, Dorothy Woolhouse, Marilyn Crocker and Gillard Boyd. And while we are at it, here are sympathies, too, just in case any of them decide to be newspaper people when they grow up.

SCENES AROUND TOWN: That boom-voiced saunterer, Townsend Netcher, ordering some Christmas date packages for friends back East... pleasing to the eyes Claire Windsor, a smart fall symphony in blue... guileless Dennis Day, who has our vote for the best male singing voice in radio, all dressed up in the best Western bib and tucker, fidgeting as he waited in the postoffice for a companion to be done with some mailing... beautiful Christmas lighting effects at The Plaza and in front of the House of Murphy.

Museum Program for Coming Weeks

December 12 (Friday)—Grammar school auditorium, 8 p. m., Dr. R. B. Cowles, of U.C.L.A., will speak on "Tracks in the Desert". The public is cordially invited.

January 2 (Friday)—Grammar school auditorium, 8 p. m. Talk by Sam D. Hinton on "Reptiles in General". The public is cordially invited.

Rhythm Aires Will
Entertain at the
Rainbow Room

Scoring one of the outstanding entertainment "scoops" of the season, Earl Gray, alert manager of the Royal Palms, has succeeded in getting the Rhythm Aires, a top entertainment quartet of good-looking young men, to take over the entertainment honors at the beautiful Rainbow Room for two weeks, beginning tomorrow, Saturday.

In a telegram to Gray, Revel Freeman of the Music Corporation of America, Beverly Hills, said the four boys are outstanding entertainers. Their instrumentation includes two guitars, bass violin and piano with doubles on violin and accordion. All of the boys do individual as well as four-part harmony singing. So entertaining besides being good, will be varied.

Gray thanked Freeman by telegram for arranging for the local presentation of the Rhythm Aires and said he thought they will be just "exactly what Palm Springs cafe society needs."

Northern Postmaster
Gets Congratulatory
Telegrams From Here

Up in picturesque Mill Valley, which nestles at the base of Mt. Tamalpais across the bay from San Francisco, a splendid new \$52,000 postoffice was dedicated last Sunday with rather unusual dedicatory congratulations from Palm Springs. For Postmaster J. C. Strouss of the northern city has some local well-wishers.

One telegram from Palm Springs was sent by Postmaster R. M. Gorham, who took advantage of the occasion, while congratulating his fellow postmaster, to put in a plug or two for the village. Another message was from H. E. "Pat" Patterson, head of the Palm Springs Drug and Import Company, who is a cousin of the northern postmaster. A third was from Helen Medby, daughter of Strouss, and local resident for many seasons.

STOCK LETTER

(By H. de La Chapelle)
By H. DE LA CHAPELLE

From a broad, Daw Theory interpretation standpoint, it appears significant that where for three days the Industrial "averages" dipped below 115, the Rails held their February low point of 26.54. On the premise then, that with the bad rail news out of the way the carriers should have recorded their bottom at 26.87 the other day, one appears justified, from an intermediate standpoint, in embracing a philosophy of relative security, for unless 26.54 and 113.59 are now jointly broken—which at this time of the year seems quite unlikely—any weakness from here on should present a well defined buying opportunity in selected issues. By the same token one can judge of the ominous potential in the market's position, should these important points now be violated.

Lacking the spectacular, it takes time for a market to turn and just because stocks have compressed within a few hours a several day rally (as measured by the recent tempo of the price movement) does not mean that the market should continue its rise at the late, accelerated pace. As a matter of fact, it is not believed that the market can progress much above 116-117 at this time and it would not be surprising if a 1-2 day reaction were now to intervene. Bearing in mind the above, broad picture, however, it is believed that on trading set-backs, or on temporarily renewed pressure as a result of incalculable events, one can purchase one's favorites with a feeling of relative security, looking forward to the reinvestment period of January when the demand for "income" should be uppermost in the investment consciousness.

have every opportunity to reap millions of dollars from the tourist business, if we will awake to the possibilities of cooperative advertising to the benefit of the entire district.

DeWitt Hutchings, manager of the Mission Inn of Riverside, heads the Roads to Romance Association. Its officers and members include leading business men from the southeastern section of the state.

WANT TO IMPROVE
YOUR HEALTH?

To find the cause of your ill health first try checking on your food need. It may be lots less than you think.

Some authorities say that 90% of our ills result from over eating; that we dig our graves with our teeth.

Give your system a rest from food for a day by taking Vitamalt in place of food. Some, around meal time, will feel lonesome for their meals. Just drink a glass of water, eat one medium sized apple or a few stalks of celery, a bowl of clear soup and take a sip of Vitamalt.

Your system needs fuel to keep up its temperature of nearly 100 degrees. You give it a chance to burn up the wastes and poisons in the tissues. Many tell us that long-standing pains, aches and swellings have left them after a day or two of taking Vitamalt in place of food. It is certainly worth trying for a day and if you feel as much improved as most do, you may continue up to five days. Eat two days and repeat if you want to.

You will probably lose up to two pounds a day. If you are already thin take Vitamalt with the right number of calories of food daily to build up again.

Control your weight by controlling your calories. Take Vitamalt to nourish your glands and nerves. It is taken in conjunction with natura calcium compound.
